PERSONS DESIGNATED TO USE INTERNET BANKING SERVICES:

When enrolling for Internet Banking Services the Client may designate a single Primary Administrator, who must be a person that the Client has authorized to have complete authority over and to make all decisions with respect to the Client's Accounts.

The Primary Administrator will have full access to the Internet Banking Services with respect to the Business Client's Accounts and will be able to set up one or more Secondary Users to have access to all or any part of the Internet Banking Services.

The Primary Administrator will have full access to the Internet Banking and can set up one or more Secondary Users and authorize each Secondary User to have access to all or any part of the Internet Banking that the Primary Administrator can access. If the Client has not designated a Primary Administrator, then the Bank will set up one or more Secondary Users upon the written direction of an authorized signer of Client.

The Primary Administrator and each Secondary User will have separate User IDs and Passwords. If the Client has authorized the use of Wire Services or ACH Services to the Secondary User, each Secondary User will be issued a separate and unique Secure Token for their sole use and must be used with their User ID and Password for Wire Services and ACH Services. Client acknowledges that when the Primary Administrator authorizes access to a Secondary User, the Secondary User will not only be allowed to view Accounts through Internet Banking, but can be authorized to make Internet Bank transfers and payments, as granted by the Primary Administrator, between or from linked Accounts assigned by the Primary Administrator. Client also acknowledges that the Secondary User will, at a minimum, be able to view Account balances, transactions, check images, online statements, and online notices for any Account for which access has been granted.

It is the responsibility of the Client to immediately notify the Bank of any changes in the authority of a Primary Administrator or Secondary User. The Primary Administrator can change the authority of a Secondary User by accessing Internet Banking Services on the Website, select the applicable link to manage access to Client's Accounts on the User Administration page, and follow the directions to delete or change the authority of a Secondary User. If the Client seeks to remove the Primary Administrator or a Secondary User, then the Client must contact Signature Bank Client Services by calling 1-866-SIGLINE (744-5463). Once the Bank receives such notice and has had a reasonable opportunity to act on such request, the Bank will no longer honor the transactions and instructions of the Primary Administrator or Secondary User whose authority has been terminated.

The Client agrees that it is solely responsible for the transactions made and instructions given by the Primary Administrator and any Secondary User and the Bank may rely and act on those transactions and instructions without liability to the Bank.

ACCESS FOR LINKED ACCOUNTS

If a Client has Linked Accounts, then the Primary Administrator and Secondary Users can each be assigned a variety of access levels for each of the Linked Accounts, provided the Client permits such access to its Accounts by that Primary Administrator or Secondary User.

The services listed below can be combined to produce the unique access level(s) the Client desires:

- Request Stop Payments
- View eStatements
- Utilize Bill Payment Services to schedule payments

RESPONSIBILITY OF PRIMARY ADMINISTRATORS AND SECONDARY USERS

Each Primary Administrator and Secondary User given access to an Account agrees that he or she will access and use the Account only in accordance with the authority given to them by the Client. Each time a Primary Administrator or Secondary User accesses, views, or conducts a transaction on an Account, he or she represents and warrants to the Bank that such action is authorized by the Client. If the Bank receives conflicting instructions, or believes that an Account's security or the Bank's security may be at risk as a result of an action or failure to act of a Primary Administrator or Secondary User, the Bank may at its sole discretion terminate that person as a Primary Administrator or Secondary User, or not permit that person from being appointed as a Primary Administrator or Secondary User, without prior notice to that person or the Client.

The authority of a Primary Administrator or Secondary User will terminate when the Bank is notified by Client with respect to a Primary Administrator or by the Client or Primary Administrator with respect to a Secondary User that the authority of such Primary Administrator or Secondary User had been cancelled or terminated or at the Bank's sole discretion if the Bank determines that the Client, Primary Administrator or Secondary User has violated or failed to comply with any provision of this Agreement.

C. USING THE PASSWORD

The Internet Banking Services cannot be used by you, a Primary Administrator or a Secondary User until you receive your Company ID, and you, the Primary Administrator or the Secondary User receives a User ID, and Temporary Password from the Bank. You agree to: (1) keep the Password secure and strictly confidential, and not to provide it to anyone else (2) instruct the Primary Administrator and each Secondary User that he or she is must keep their Password secure and confidential and not to disclose it to anyone else; (3) immediately notify the Bank and change your Password if you believe your Password may be lost or stolen or have become known to an unauthorized person and (4) instruct the Primary Administrator and any Secondary User to immediately notify the Bank and change their Password if they believe their Password may be lost or stolen or have become known to an unauthorized person. **Signature Bank will have no liability to you for any unauthorized payment or transfer made or information obtained through the use of the Client's, Primary Administrator's or a Secondary User's Password that occurs before you, the Primary Administrator or Secondary User has notified the Bank of it being lost or stolen or its possible unauthorized use and the Bank has had a reasonable opportunity to act on that notice and Client will be responsible for any money transferred from and/or any information obtained about an Account through**

such use. The Bank may suspend or cancel the Password even without receiving such notice from you, the Primary Administrator or a Secondary User, if the Bank suspects the Password has been lost or stolen or is being used in an unauthorized or fraudulent manner.

D. USING THE SECURE TOKEN

Each Client or Secondary User granted permission to use the Wire Services and/or ACH Services will be issued a Secure Token. The Secure Token generates a unique Passcode that is used along with the User ID and Password when using Wire Services and ACH Services. The Client and Secondary User agree to: (1) keep the Secure Token secure and strictly confidential, and not to provide it to anyone else; and (2) immediately notify the Bank if the Secure Token is lost or misplaced.

E. ACKNOWLEDGEMENT OF COMMERCIALLY REASONABLE SECURITY PROCEDURES

By using the Internet Banking Services to access the Wire Transfer Services or the ACH Services, you agree that the security procedure described in Section II of this Agreement and in the Bank's Funds Transfer Agreement with respect to Wires and the Bank's Standard ACH Agreement with respect to ACH Transactions are commercially reasonable for the size, type, and frequency of the Wires or ACH Transactions that you expect to initiate. You agree to be bound by instructions, whether authorized or unauthorized, which the Bank processes in compliance with these procedures, unless you have given the Bank prior notice of possible unauthorized use as described herein (and the Bank has had a reasonable opportunity to act on such notice).

F. LIMITATIONS ON FREQUENCY OF TRANSFERS AND DOLLAR AMOUNTS

There is no limit on how often Internet Banking Services can be used. No Internet Banking transfer or payment made from an Account may exceed your Available Balance in that Account or the available credit if that Account is a Credit Line on the day the Internet Banking transfer or payment is to be made. Any Primary Administrator or Secondary User may not exceed their Per Transaction Limit as indicated by the Client on the Signature Internet Banking Application & Client Permissions form. If one or more Internet Banking transfers or payments are made from a Deposit Account that is an Insured Money Market Account, then those transfers and payments are added to your other automatic, pre authorized, check or telephone transfers made from that Account and limited to six for each Account statement cycle period in accordance with the Account agreement. If you exceed this limitation, then the Bank may be required to close your Account and transfer the balance to a checking account.

G. STOP PAYMENTS

You may use the Internet Banking Services to place stop payments on any paper checks you have written on an Account that have not cleared. Such stop payments are subject to the terms of the Account agreement and fees set forth in the Business Account Fee Schedule applicable to the Account. Before placing a stop payment, you must verify that the check(s) has (have) not cleared your Account. If you want to stop the payment of a Bill Payment see Section I. **YOUR RIGHT TO CANCEL A BILL PAYMENT.**

H. BILL PAYMENT SERVICES

You may use the Bill Payment Service to direct Signature Bank to make payments from your Bill Payment Account to the Payees you choose in accordance with this Agreement. To use Bill Payment you must have the following:

- Access to Internet Banking
- A Bill Payment Account
- At least one Payee listed on your Payee list
- An active email account that you regularly use

HOW TO SET UP BILL PAYMENTS

When you sign onto the Bill Payment Services you will establish a list of Payees by selecting the Add button on the Set up Accounts and Payee screen. You may add a new fixed payment for any Payee but only if that Payee is on your authorized list of Payees. If the Payee is not set up at its bank to receive electronic payments, then the Bill Payment Service will generate a paper check on your behalf for that payment and mail that paper check to the Payee. The paper check will carry your account number and will clear directly through your Account. A unique check number for each paper check will appear on your statement for easy recognition. Signature Bank reserves the right to refuse the designation of a Payee for any reason.

Signature Bank is not responsible if a Bill Payment cannot be made due to incomplete, incorrect, or outdated information provided

by you regarding a Payee or if you attempt to pay a Payee that is not on your Payee list.

THE BILL PAYMENT PROCESS

The Bank will process Bill Payments on the Business Day you designate for the Payment Bill, provided the Bill Payment request is received prior to the cut off time set by the Bank, which is currently 4:00pm Eastern Time. Bill Payment requests received on a Business Day after a cut off time, or on a day that is not a Business Day will be processed on the next Business Day. The Bank reserves its right to change the cut off time by giving you notice of such changes. Such notice will be sent as a Secure Message within the Internet Banking and Bill Payment Service.

You must select a Payment Date that is at least five (5) Business Days before the actual Due Date required by the Payee to allow time for the Bill Payment to reach and be processed by the Payee. If the Payment Date falls on a day that is not a Business Day you must select the preceding Business Day as the Payment Date. Due to circumstances beyond the Bank's control, some Payees take longer to post payments than others. The Bank suggests sending your first payment to a particular Payee eight (8) Business Days in advance of its due date. After that Payee has posted your payment you will have a better understanding of how much time to allow for future Bill Payments to that Payee.

FOR RECURRING BILL PAYMENT REQUESTS, IF YOU SELECT THE 29TH, 30TH OR 31ST AS YOUR PAYMENT DATE AND THAT DATE DOES NOT EXIST IN A GIVEN MONTH (FEBRUARY) THEN YOUR PAYMENT WILL BE MADE ON THE NEXT BUSINESS DAY.

The Bank will reimburse you for any late payment related charges by a Payee up to \$50.00 should a Bill Payment post after it's Due Date, as long as the Bill Payment date was scheduled in accordance with the above.

When you schedule a Bill Payment, you authorize the Bank to debit your Bill Payment Account and remit funds on your behalf. You certify that your Payment Account is the Account to make Bill Payments and any Bill Payment is to be debited from this account.

The Bank will incur no liability and its reimbursement obligation with respect to Payee late charges shall be void if the Bank is unable to complete any payments initiated because of any of the following:

1. In scheduling the Bill Payment you have not provided the correct Bill Payment Account information, or the correct Payee name, address, phone number, or account information; and/or
2. Circumstances beyond the control of the Bank (such as, but not limited to, fire, flood, or interference from an outside force) prevent the proper processing of the Bill Payment and the Bank has taken reasonable precautions to avoid those circumstances;
3. The Bank's Bill Payment processing center is not working properly and you know or have been advised by the Bank about the malfunction before you execute the transaction;

You agree to have available and collected funds on deposit in the Bill Payment Account in amounts sufficient to pay for all Bill Payments requested, as well as, any checks and other payment obligations you have with respect to the Bill Payment Account. The Bank reserves the right, without liability, to reject or reverse a Bill Payment if you fail to comply with this requirement or any other terms of this Agreement. If you do not have sufficient funds in the Bill Payment Account to pay a Bill Payment and the Bank has not exercised its right to reverse or reject the Bill Payment, you agree to pay the Bank the amount of such Bill Payment on demand. You further agree the Bank, at its option, may charge any of your accounts with the Bank or SSG to cover the amount of such Bill Payment.

The Bank reserves the right with respect to each Bill Payment to select the method in which to remit funds on your behalf to pay that Bill Payment to the Payee.

Any Bill Payment can be changed or canceled, provided you access the Bill Payment Service prior to the cut off time on the Business Day prior to the Business Day of the Bill Payment Date.

RETURNED PAYMENTS

In using the Bill Payment Services, you understand that the Payee's bank or bank to which such Bill Payment was sent and/or the United States Postal Service may return the Bill Payment for various reasons, such as, but not limited to, the Payee's account number is not valid; the Payee's bank is unable to locate Payee's account; or the Payee advised that your account with Payee is paid in full. The Bank will use its best efforts to research and correct the returned Bill Payment, or void the returned Bill Payment and credit your Bill Payment Account for the amount of that returned Bill Payment. You also authorize the Bank to credit your Bill Payment Account for the amount of any returned Bill Payments that are voided.

I. YOUR RIGHT TO CANCEL A BILL PAYMENT

You can cancel or stop a single Bill Payment at any time before the Bill Payment Date for that Bill Payment through the use of the Internet Banking Services. If the Bill Payment is a recurring payment set up on the Bill Payment Services, then you can cancel that Bill Payment (i) through the use of the Internet Banking Services provided that the request is received before the Bill Payment Date (as described above) of the next recurring Bill Payment; (ii) by calling Signature Bank Client Services at 1-866 SIGLINE (744 5463); or (iii) by writing to:

If we do not complete an Internet Banking transfer or payment transaction on time or in the correct amount according to this Agreement, we will not be liable for any losses or damages unless you can show that such failure was due to our gross negligence and in such event we will be liable only for your actual and proven losses or damages caused by such failure, provided that the Bank is notified of any such failure in a manner consistent with the Bank's Funds Transfer Agreement or Standard ACH Agreement, and not for any indirect, special or consequential damages, unless required by applicable law.

6. If the transaction would result in the Bank's having exceeded any limitation upon its intra day net funds position established pursuant to present or future Federal Reserve guidelines, would violate any applicable provision of any risk control program or applicable policies, procedures, or practices, would violate any applicable federal or state law, rule or regulation or federal or state court or administrative order or process or the Bank is otherwise legally constrained from doing so.
