Part IV: Glossary 56

PART I: INTRODUCTION

These Personal Product Terms and Conditions (“**Agreement**”) together with the other Service Documentation (as defined below) governs the terms under which Signature Bank (“**Bank**”) provides Cash Management services to Client. “**Client**” refers to the Bank customer identified on the Acceptance that was signed to enroll such Bank customer in a Service. This Agreement shall be deemed to amend and supersede in its entirety all prior agreements entered into between Bank and Client governing the Services.

Client and Bank will agree upon the Services to be provided, and each Service is subject to Bank’s approval. Client must properly complete and submit any Service Application in accordance with the Service Application instructions and Bank’s requirements. Bank reserves the right to reject Client’s Service Application for any reason, including because Bank determines in Bank’s own judgment that Client’s access to the Service may expose Bank to an increased risk. Client may not begin using a Service until Bank has approved Client’s Service Application and enrolled Client in the Service.

The Service Documentation contains the terms governing each Service and includes:

- (a) This Agreement (which contains the General Terms and the Service Terms);
- (b) The Acceptance (which indicates Client’s acceptance of the Service Documentation);
- (c) The Account Agreement (which governs the Account Client uses in connection with the Service);
- (d) The Service Application (which may be required by Bank for setting up access to a Service and which may contain setup information for the Service in which Client is enrolling); and
- (e) All other documentation related to the Service, including as applicable product briefs, product reference guides, user guides, Fee Schedules, terms of use, Software, Software licenses, specifications, instructions, and notices).

The documents and individual provisions of the Service Documentation are intended to be read together as one agreement between Client and Bank. Except as expressly provided in this Agreement, if there is a conflict among the documents that are part of the Service Documentation, they will govern in the order listed above.

Client’s use of a Service confirms Client’s receipt of, and agreement to be bound by, this Agreement and all Service Documentation. Client should retain a copy of this Agreement, and any documentation related to this Agreement and any Service, for Client’s records.

PART II: GENERAL TERMS

1. Construction and Interpretation

Capitalized terms used in this Agreement have the meaning provided in Part IV (Glossary).

Unless the context otherwise requires:

- (a) References to a particular agreement, instrument, or document shall include all renewals, extensions, modifications, amendments and restatements of such agreement, instrument, or document;
- (b) References to the plural number shall include the singular number (and vice versa);
- (c) References to “herein,” “hereunder,” “hereof,” or like words shall refer to this Agreement as a whole and not to any particular part, section, subsection, or clause contained in this Agreement; and
- (d) The headings in this Agreement are intended for convenience of reference and shall not affect its interpretation and shall not be deemed a part of this Agreement.

2. Changes to Services; Amendments

Client acknowledges and agrees that Bank may make any changes to a Service or the terms and fees in the Service Documentation. When required by Applicable Law, Bank will notify Client of the change. Bank may, at any time and without liability, modify or discontinue all or part of a Service (including access to the Service via third-party links); charge, modify, or waive any fees required to use a Service; or offer enhancements to some or all users of a Service.

Bank may amend this Agreement at any time by sending notice to Client by regular mail, email, electronic communication, posting on the Website, posting to Internet Banking (if Client is enrolled in Internet Banking), or any other means Bank uses to communicate to Client. The use of a Service by Client (or by any Client Agent) or Client’s failure to terminate or cancel all Services after the effective date specified in the notice of any amendment to this Agreement constitutes Client’s acceptance of such amendment.

3. Term and Termination

The term for each Service shall begin after Client has provided Bank with all applicable Service Applications and Bank has reviewed and approved the Service Applications and enrolled Client in the Service.

This Agreement and each Service will continue in effect until terminated by either party in accordance with this Section II.3 (Term and Termination).

Bank may suspend or terminate access to any Service:

- (a) For any reason or no reason upon thirty (30) days’ prior written notice to Client.
- (b) Without prior notice to Client if:

- (i) Bank reasonably suspects that Client or any Client Agent has committed, is committing, or will commit an act of fraud, dishonesty, or conduct suspicious activity;
- (ii) Client breaches or fails to comply with any provision of this Agreement or the terms of any Software license;
- (iii) Client becomes subject to any insolvency or bankruptcy proceeding, or Client files a petition under any bankruptcy or insolvency law;
- (iv) Bank determines in its sole discretion that continuing to provide a Service may place Bank at risk of financial loss or result in an unacceptable credit exposure;
- (v) Bank determines in its sole discretion that a material adverse change has occurred in Client's ability to perform its obligations under the Service Documentation;
- (vi) Client closes the Accounts used in connection with the Service;
- (vii) Bank determines in its sole discretion that the continued provision of the Service(s) in accordance with the terms of this Agreement would violate Applicable Law, or there is any change in Applicable Law that substantially and materially alters the ability of Bank to perform a Service hereunder or would subject Bank to unacceptable risk of loss; or
- (viii) Bank is required to do so to comply with Applicable Law or is instructed to do so by a Governmental Authority.

Client may terminate use of any Service for any reason or no reason upon thirty (30) days' prior written notice to Bank.

Upon termination of the Agreement or access to a Service for any reason, Client shall, unless otherwise agreed to in writing with Bank:

- (a) Immediately cease using the Service (and instruct any and all Client Agents to do the same);
- (b) Return or destroy any item that Bank may direct Client to return or destroy, including any Check or equipment; and
- (c) Remit to Bank all amounts due to Bank.

Any suspension or termination of a Service or this Agreement shall not affect any of Client's obligations arising prior to such suspension or termination. Client understands that, when a Service is suspended or terminated, any previously scheduled transactions will not be completed. Client understands that any licenses provided under this Agreement shall end, and Bank shall not be liable to Client or any third party for termination of access to a Service or for termination of the Agreement. All reasonable expenses incurred by Bank in terminating the relationship under this Agreement shall be borne by Client.

4. Fees and Charges

Client shall pay to Bank the Service Fees in the amount of and according to the terms set forth in the Fee Schedule. Client will pay any sales, use, value added, utility, excise or other taxes, or other governmental charges that Bank or Bank Agent is required to pay or collect in providing a Service. Client authorizes Bank, in its discretion, to collect Service Fees by applying any credits earned by or made available to Client.

Without requiring prior notice to or prior approval of Client, Bank may debit the Account that Client has designated to be charged in the amount of these Service Fees. If the Account designated by Client does not have sufficient funds to pay all Service Fees, then Bank may debit any other account that Client maintains with Bank and may suspend or terminate access to the Service. If a Service is terminated prior to month end, Client shall remain liable for the full amount of the Service Fees for that month.

Client acknowledges and agrees that third parties may assess other fees and charges and bill and collect those fees and charges separately.

5. Cut-off Time

Client acknowledges and agrees that the Services may be subject to Cut-off Times, and that if Bank receives any information, instructions, or item subject to a Cut-off Time after the applicable Cut-off Time or on a day other than a Business Day, such information, instruction, or item may be deemed received by Bank as of the next Business Day. Client can obtain information on Bank's current Cut-off Times by contacting Bank at the phone number or email address set forth in Section II.21(a)(ii) (Notice).

6. Confidentiality

(a) Confidential Information

Client acknowledges that all Confidential Information is the confidential property of Bank or its Bank Agent.

Client will, and will ensure that Client Agents will, treat the Confidential Information as confidential. Client will not disclose or otherwise make available Confidential Information in any form to any person other than Client Agents who need to know such information solely for the purposes contemplated under this Agreement and who are (a) legally or contractually restricted from disclosing the Confidential Information under terms at least as restrictive as those stated in this Agreement, and (b) required to keep the Confidential Information confidential using the same care and discretion that Client would use with respect to its own confidential information, property, and trade secrets, but in no event, less than reasonable care.

(b) Client Data

Bank shall treat as confidential and shall not disclose Client Data, except that, to the extent permitted by Applicable Law and Bank's Privacy Notice (a copy of which has been given to Client and is available at all Financial Centers), Client authorizes Bank and any affiliate of Bank to disclose Client Data:

- (i) For the purpose of and only to the extent necessary for providing a Service;

- (ii) To any Bank Agent in connection with providing a Service;
- (iii) As required by Applicable Law;
- (iv) To investigate an alleged error; or
- (v) To confirm information about Client in connection with a Service.

Bank shall not provide Client Data to a Bank Agent unless such Bank Agent agrees to keep the Client Data confidential and to use Client Data only to assist Bank in providing the Services. Notwithstanding the foregoing, Client authorizes Bank and any Bank Agent to use Client Data for improvements to Bank or Bank Agent's products and services.

If Client uses a Client Agent in connection with a Service, then Client authorizes Bank to disclose to such Client Agent any information that Bank would provide to Client with respect to the Service, including Client Data. Client acknowledges and agrees that any Client Agent granted access to a Service will have access to Client Data for all Accounts identified in the Service Application and designated for access to the Service, or otherwise linked to Client's Account. Client alone is responsible, and Bank shall not be liable, for any unauthorized use of Client Data by any Client Agent or any other person using Client's Access Credentials.

Information Client provides to Bank through the Services will be governed by, and Bank will only use in a manner which is consistent with, Bank's privacy policy, which is available at <https://www.signatureny.com/about-us/privacy-security>.

7. Security Procedure

Client agrees that the Security Procedure for Client's Initiation Method for the Service is mandatory as Bank will use such Initiation Method to detect or prevent an unauthorized access to or use of Service and to verify the authenticity of a Transaction. The purpose of the Security Procedure is to verify the authenticity of the Transaction. Bank will not use the Security Procedure to detect an erroneous or duplicate Transaction. Client will be responsible for any erroneous or duplicate Transaction Bank receives in Client's name. Client agrees to be bound by each Transaction, whether or not authorized by Client that is issued in Client's name and accepted by Bank in compliance with the Security Procedure for the Service.

Client agrees that each Security Procedure for the Initiation Method for each of the Services (a) best meets Client's requirements with regard to the size, type, and frequency of Client's Transactions, and (b) is commercially reasonable.

Client agrees that any action taken by Bank or Bank Agent beyond the Security Procedures referred to in this Agreement in an attempt to detect or prevent an unauthorized access to or use of a Service, shall not be deemed to be a part of the Security Procedures regardless of how often such action may be taken by Bank or Bank Agent.

In the event of any conflict between this Section II.7 (Security Procedure) and any provision in the Service Terms, the provision in the Service Terms will prevail, but only to the extent necessary to resolve such conflict.

8. Use of Bank Agents

Client agrees that Bank may from time to time contract with and utilize Bank Agents and other third parties in providing a Service or performing any of its rights or responsibilities under this Agreement. Client acknowledges and agrees that Bank's ability to provide the Services may be contingent upon the continuing availability of certain services provided by Bank Agents. Bank shall not be liable for any errors or negligence of Bank Agents and other third parties, or the suspension of or failure to provide a Service as a result of any error, negligence, or nonperformance by Bank Agents or other third parties. Client agrees to assume all such risk associated with use of Bank Agents. In the performance of all work, Bank and Bank Agents are independent contractors and each has the sole right to supervise, manage, control and direct the performance of the details of said work to be performed by them. Client is interested only in the results obtained and the prompt performance of the obligations and agreements hereunder.

9. Client Agent Compliance with Agreement

Client agrees that in using any Service, Client will comply with this Agreement and with all procedures and requirements of Bank and Bank Agents relating to the Service. Prior to Client utilizing a Client Agent for a Service, Client shall notify Bank of the Client Agent in writing and Bank may reject the proposed Client Agent in Bank's sole and exclusive discretion. In such event, all instructions received by Bank from Client Agent are hereby authorized by Client. All acts and omissions of Client Agent shall be the acts, omissions, and responsibility of Client and shall be governed by the provisions of this Agreement. Client agrees, jointly and severally with Client Agent, to indemnify and hold Bank harmless from any and all Losses of any kind (including the reasonable fees and disbursements of counsel in connection with any investigative, administrative, or judicial proceedings, whether or not Bank shall be designated a party thereto), which may be incurred by Bank relating to or arising out of the acts or omissions of Client Agent on behalf of Client. Client and Client Agent shall execute any such other agreement(s) or documents as deemed necessary or appropriate by Bank prior to the initiation or any continuation by Client Agent of any Services on Client's behalf. Notice of any termination of Client Agent's authority to use one or more of the Services on Client's behalf shall be given to Bank in writing. Such termination shall take effect after Bank receives written notice of such termination and Bank has had a reasonable opportunity to act on that notice. Client agrees that Bank retains the right to reject any transactions initiated by Client Agent in its sole discretion.

10. Reliance

Bank may rely on the accuracy of all information provided to Bank by Client. Client shall promptly inform Bank of any such incorrect data or information. Neither Bank nor Bank Agents shall be liable for any failure in performance under this Agreement, to the extent such failure is the result of inaccurate information supplied by Client or anyone acting on behalf of Client. Client shall bear the cost of correction and pay all direct costs arising therefrom if the correction of such data results in costs to Bank or Bank Agent that exceed those incurred in the process of routinely receiving and preparing correct data for normal usage.

Client will cooperate with Bank in the investigation and resolution of any alleged errors related to Client's use of a Service, regardless of the cause or source of any such alleged errors.

11. **Representations and Warranties**

In addition to any representations and warranties contained in the Service Documentation, each time Client uses a Service, Client represents and warrants to Bank:

- (a) That Client is the individual executing the Acceptance and any Service Application or is duly authorized by all necessary action to execute, on behalf of Client, the Acceptance and any Service Application;
- (b) That Client's use of the Service complies with the terms and conditions set forth in the Service Documentation and with Applicable Law;
- (c) That Client has received and agrees to the Service Documentation;
- (d) That Client and Client Agents are accurately described in the Service Documentation;
- (e) That Client has full power and authority to execute, deliver and perform the obligations under this Agreement;
- (f) That Client has consulted or declined to consult with counsel and/or experts of its own selection prior to agreeing to the Service Documentation;
- (g) That Client's use of the Service is for personal, family, or household purposes; and
- (h) Client and/or Client Agent has all appropriate hardware, software, and access to the internet that may be required for the Service.

12. **Compliance with Applicable Law**

Client shall comply with all Applicable Law when using a Service.

13. **No Waiver**

Bank shall not be deemed to have lost any of its rights under this Agreement because they have not been exercised. None of Bank's rights under this Agreement can be affected or waived orally or by any act, acquiescence, practice, course of action, course of dealing, previous action, or failure to act. No waiver shall be effective unless made in writing and signed by an authorized officer of Bank who has full knowledge of all facts and then only to the extent set forth in such writing.

14. **Limitation of Liability**

Client acknowledges that Bank's willingness to provide the Services is based on the limitations and allocations of liability contained in this Agreement. Bank has only those duties and responsibilities specifically and expressly set forth in the Service Documentation. Unless expressly prohibited or otherwise restricted by Applicable Law, the liability of Bank in connection with the Services will be limited to actual Damages sustained by Client and only to the extent such Damages are a direct result of Bank's gross negligence or willful misconduct. In no event shall Bank be liable for any consequential, special, incidental, indirect, punitive, or similar loss or damage that Client may suffer or incur in connection with the Services, including attorneys' fees, lost earnings, or profits and loss or damage from subsequent wrongful dishonor resulting from Bank's acts, regardless of whether the likelihood of such loss or damage was known by Bank and regardless of the basis, theory, or nature of

the action on which a claim is asserted. Bank shall not be liable for Losses of any kind to any third party or for any act or omission of Client or Client Agent or any third party.

Client is responsible, and Bank shall not be liable, for any Losses to Client as a result of Client's failure to comply with the Service Documentation or Applicable Law. Bank shall not be responsible for Client's acts or omissions (including the amount, accuracy, timeliness of transmittal, or due authorization of any Entry, Payment Order, or other instruction received from Client) or the acts or omissions of any other person, including any ACH processor, any Federal Reserve Bank, any financial institution or bank, any transmission or communication facility, any receiver, or receiving depository financial institution, including the return of an Entry or rejection of a Payment Order by such receiver or receiving depository financial institutions, and no such person shall be deemed a Bank Agent.

In addition, Bank shall be excused from any failure to act or delay in acting in connection with a Service if such action would result in Bank exceeding any limitation upon its intra-day net funds position established pursuant to present or future Federal Reserve guidelines or in Bank's otherwise violating any provision of any present or future risk control program of the Federal Reserve or any Applicable Law. Except as required by Applicable Law, Bank shall not be liable for any Losses resulting from Bank's action or inaction that is consistent with regulations issued by the Federal Reserve Board, operating circulars issued by a Federal Reserve Bank or general banking customs and usage. To the extent required by Applicable Law, Bank will compensate Client for loss of interest on funds. The maximum period for which Bank shall be liable for interest (where Bank is liable for such interest) on any amount to be refunded or paid to Client is thirty (30) days and such interest shall be calculated at the rate, if any, paid by Bank on the Account or shall be calculated by using the rate equal to the average federal funds rate at the Federal Reserve Bank of New York for the period involved. At Bank's option, payment of such interest may be made by crediting the Account. Bank shall not be liable for Client's attorney's fees in connection with any such claim.

Bank recommends that Client use certain Services and features to help to prevent potential fraud losses. These Services and features include ACH Selective Item Processing (Section III.1(o)), ACH Block (Section III.1(p)), dual control for payment transactions, and any other Service or features related to fraud prevention that Bank may offer. For all present and future accounts opened by Client at Bank, including accounts in the name of all subsidiaries and affiliates, if Client fails to implement any of the fraud prevention Services or features identified above but continues to use the accounts, Client's continued use constitutes its agreement that Client has elected not to use such fraud prevention Services or features and will bear any fraud losses that would have otherwise been prevented by proper use of such fraud prevention Services or features.

Except as otherwise expressly provided in this Agreement, Bank shall not be liable for any Losses caused by any act or omission of any third party; for any charges imposed by any third party; or for any Losses caused by any failure of the hardware or software utilized by a third party to provide Services to Client.

Bank's sole liability for Losses to Client for any Damages whatsoever and regardless of the form of action shall be limited to direct Damages sustained by Client. In no event will Bank's liability for Losses exceed the average monthly Service Fees incurred by Client for the two (2) calendar months immediately preceding the event(s) giving rise to Client's claim or such fewer number of preceding months as this Agreement has been in effect. The foregoing limitation shall apply notwithstanding any failure of essential purpose of any limited remedy.

Notwithstanding any of the foregoing, for transactions which are subject to the Electronic Fund Transfer Act and its implementing Regulation E, the Truth-In-Savings Act and its implementing Regulation DD, or the Expedited Funds Availability Act and its implementing Regulation CC (“**Consumer Regulations**”), Bank shall be liable for such Damages as may be required or provided under the Consumer Regulations. This Agreement is only between Bank and Client, and Bank shall have no liability hereunder to any third party.

Bank is not liable for failing to act sooner than required by this Agreement or Applicable Law. Bank also has no liability for failing to take action if Bank had discretion not to act or no regulatory requirement to act.

15. **Indemnification**

Except as required by the Consumer Regulations, Client is liable for and agrees at all times to indemnify, defend, release, and hold harmless Bank and Affiliated Entities from and against any and all Losses incurred, made or brought against Bank or Affiliated Entities resulting from or directly or indirectly arising out of:

- (a) Client’s use of a Service;
- (b) Any act or omission of Client or Client Agent in connection with this a Service;
- (c) Any breach of the Service Documentation or Applicable Law by Client;
- (d) Bank or Bank Agent’s endorsement on Client’s behalf of any Check or Item or warranty thereof (unless directly caused by Bank’s gross negligence or willful misconduct);
- (e) Client’s lack of authority to make the warranties provided herein;
- (f) Any claim of any person that (i) Bank or an Affiliated Entity is responsible for any act or omission of Client, or (ii) a Payment Order contravenes or compromises the rights, title, or interest of any third party, or contravenes any Applicable Law;
- (g) Any act or omission of Bank or an Affiliated Entity within the scope of Bank or the Affiliated Entity’s authority in connection with a Service; or
- (h) Bank or an Affiliated Entity’s acting in good faith on instructions Bank or the Affiliated Entity believed to be from Client or a person or entity acting on Client’s behalf or otherwise complying with the Service Documentation.

Client further agrees at all times to indemnify, defend, release and hold Bank and Affiliated Entities harmless against all Losses that Bank or Affiliated Entities may incur in defending, prosecuting, settling, or discontinuing any proceedings, actions or claims in consequence of or arising directly or indirectly out of this Agreement, a Service, Bank, or Bank Agent’s endorsement on Client’s behalf of any Item of Payment or warranty thereof.

16. **No Warranties**

BANK (AND ANY BANK AGENTS INVOLVED IN A SERVICE) MAKES NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, OR ANY IMPLIED WARRANTY ARISING BY

STATUTE OR OTHERWISE IN LAW OR FROM A COURSE OF DEALING OR USAGE OF TRADE WITH RESPECT TO THE SERVICES PROVIDED HEREUNDER, AND CLIENT SHALL NOT TAKE ANY ACTION THAT WOULD INDICATE OR IMPLY OTHERWISE. CLIENT AGREES THAT USE OF A SERVICE, SOFTWARE, AND ALL INFORMATION SERVICES AND OTHER CONTENT (INCLUDING THAT OF BANK AGENTS OR OTHER THIRD PARTIES), IS PROVIDED ON AN “AS IS” AND “AS AVAILABLE” BASIS.

WITHOUT LIMITING THE FOREGOING, BANK (AND ANY BANK AGENTS INVOLVED IN A SERVICE) MAKES NO WARRANTY THAT A SERVICE (OR ANY SOFTWARE IN CONNECTION WITH THE SERVICE) (A) WILL MEET CLIENT’S REQUIREMENTS; (B) WILL BE FREE FROM DEFECTS OR VIRUSES; (C) WILL BE UNINTERRUPTED, TIMELY, SECURE, OR ERROR FREE; (D) THAT ANY RESULTS OBTAINED FROM A SERVICE WILL BE ACCURATE OR RELIABLE; OR (D) THAT ANY ERRORS IN A SERVICE OR TECHNOLOGY WILL BE CORRECTED. CLIENT’S USE OF THE SERVICES IS AT CLIENT’S OWN DISCRETION AND RISK, AND CLIENT IS SOLELY RESPONSIBLE FOR ANY DAMAGE RESULTING FROM CLIENT’S USE.

17. Force Majeure

Bank is excused from failing to perform or any delay in performing any of its obligations under this Agreement if such failure or delay is due to any cause beyond Bank’s reasonable control, including, acts of God, war, acts of a civil or military authority, terrorist acts, embargoes, riots, strikes, work stoppages, fires, storms, pandemics, epidemics, explosions, delays by suppliers, theft, shortage of adequate transportation facilities, shortages of parts or materials, changes in Applicable Law, power failures, or communication line interruptions.

18. Governing Law

This Agreement is made in the County of New York, State of New York, and shall be governed by and construed in accordance with the laws of the State of New York and applicable federal law without regard to choice of law principles.

19. Dispute Resolution

The Dispute Resolution provisions set forth in the Account Agreement are hereby incorporated into this Agreement by reference.

20. Injunctive Relief

Except as otherwise provided hereunder, the remedies provided under this Agreement are not exclusive of the remedies available to Bank or Client at law or in equity. Without limiting the foregoing, Client acknowledges that Client’s breach of its obligations under this Agreement may cause irreparable harm or injury to Bank or Bank Agent and that Bank or Bank Agent, without the requirement of posting bond or other security, may seek and obtain injunctive or other equitable relief against such breach or threatened breach without prejudice to any other remedies which may be available to it.

21. Notice

(a) Generally

Except as otherwise expressly provided in the Service Documentation, Bank shall not be required to act upon any notice or instruction received from Client or any other person or to provide any notice or advice to Client or any other person with respect to any matter. Notwithstanding the foregoing, should Bank act upon any notice or instruction, Bank shall have a reasonable time in which to act, after actual receipt of the notice or instruction.

If Client receives notice of a claim relating to a Service, Client shall promptly provide Bank with written notice of such claim.

Except as otherwise expressly provided in the Service Documentation, any written notice or other written communication required or permitted to be given in connection with a Service may be delivered:

- (i) To Client (A) by postal mail, overnight courier, or email; (B) if Client is enrolled in Internet Banking, by posting to Internet Banking; or (C) by any other means of electronic communication in which Client is enrolled.
- (ii) To Bank:
 - (A) For legal matters, by postal mail or overnight courier to Bank's Legal Department at 565 Fifth Avenue, New York, NY 10017; or
 - (B) For all other matters, by postal mail, overnight courier, or email to the Private Client Group at the Financial Center of Bank that maintains Client's Account, unless otherwise specified in the Service Documentation. Client may contact Bank 24/7 at the phone number set forth in Section II.21(b) (Notice) to obtain the contact information for the appropriate Private Client Group.

Any notice to Client shall be sufficient if Bank sends it to Client's last known address or email address appearing on Bank's records. Except as otherwise provided in the Service Documentation, notices to Client are effective upon receipt.

(b) Contact for 24/7 Support

For 24/7 customer support, Client may contact Bank at 1-866-SIGLINE.

(c) Contact for Security Matters

For security concerns or breaches or other security-related matters, Client shall to immediately notify Bank by phone at 1-646-802-3911 and by email at infosec@signatureNY.com.

(d) Additional Information

Financial Centers of Bank are open Monday – Friday. Hours of operation vary. Visit Bank's website or Private Client Offices page for a complete listing.

To report a lost or stolen ATM/DEBIT card, please call 1-866-SIGLINE, option 6.

If you communicate with us by telephone, we may monitor and/or record the call.

Signature Bank's Routing Transit Number (RTN) is 1-026013576.

22. Entire Agreement

The documents and individual provisions of the Service Documentation are intended to be read together as one agreement between Client and Bank. The Service Documentation constitutes the complete and exclusive expression of the terms of the agreement between Client and Bank with respect to its subject matter and supersedes (a) all existing agreements; (b) all prior or contemporaneous proposals, understandings, representations, conditions, warranties, covenants, or other communications; and (c) all other oral, written, or other communications between Client and Bank concerning its subject matter. Client acknowledges that it has not been induced to enter into this Agreement by any representation or warranty not set forth in the Service Documentation. Bank and Client further agree that this Agreement may not in any way be explained or supplemented by any prior or existing course of dealing between Client and Bank or by any other prior performance between Client and Bank.

23. Severability

If any provision of this Agreement (or any portion thereof) shall be held to be invalid, illegal, or unenforceable and is struck due to its invalidity, illegality, or unenforceability, the validity, legality, or enforceability of the remainder this Agreement shall not in any way be affected or impaired. Bank shall incur no liability to Client due to the invalidity, illegality, or unenforceability of any provision of this Agreement (or any portion thereof) that may be struck.

24. Assignment; Successors

Bank may assign this Agreement, or any part thereof or rights or duties hereunder, without Client's consent. Client may not assign this Agreement, or any part thereof or rights or duties hereunder, without the prior written consent of Bank, and any such attempted assignment shall be void.

This Agreement shall be binding upon and shall inure to the benefit of Client and Bank and their respective heirs, executors, legal representatives, successors, and permitted assigns.

25. Third Party Beneficiaries

Except as expressly provided in this Agreement, the benefits of this Agreement do not inure to any third party, and nothing contained herein shall be construed as creating any right, claim, or cause of action in favor of any such third party.

26. Ownership of Services

Client acknowledges and agrees that all technology, Software, and systems (including any improvements, enhancements, modifications, variations, or derivative works thereof) used by Client in the performance of the Services is owned or licensed by Bank or Bank Agents and constitutes the sole and exclusive property of Bank, Bank Agents, or third parties, as applicable. All right, title, and interest in and to the patent, copyright, trademark, trade secret, and any other intellectual property rights in such technology, Software, and systems will remain solely with Bank, Bank Agents, or third parties, as applicable. Any unauthorized use, reproduction, linking, or distribution of any technology, Software, and systems used by Client in connection with a Service is strictly prohibited, and Client may not use

such technology, Software, and systems for any other purpose, including commercial purposes, such as co-branding, linking, or reselling, without prior written consent of Bank.

27. Technical Requirements

Client will, at its sole cost and expense, unless otherwise agreed to by Bank, use computer hardware and software that meets all technical requirements necessary for any Service as may be specified in the Service Documentation, including software and hardware that meets Bank's software and hardware requirements (as specified at <https://www.signatureny.com/about-us/software-and-browser-requirements>). Client agrees that Bank's provision of the Services may be subject to Client having computer hardware and software that meets all the technical requirements necessary for any Service. Bank may terminate a Service if Client does not use computer hardware or software that meets all technical requirements necessary for the Service. Client is solely responsible for the payment of any and all costs and expenses associated with meeting and maintaining all technical requirements and additional items necessary for the proper use of a Service. Client acknowledges and agrees that it is solely responsible for the operation, maintenance, and updating of all equipment, software, and services used in connection with any Service and the cost thereof. Client shall perform, or cause to be performed, all vendor recommended maintenance, repairs, upgrades, and replacements, and such performance shall be rendered by properly trained personnel.

28. Software License

This Section II.28 (Software License) applies to all Software that Bank provides to Client, unless a separate license agreement is provided for specific Software (including any "click-wrap" software license Client may receive).

Client acknowledges and agrees that Bank is the owner of all right, title, and interest in and to the Software to be used for access to a Service. Bank retains all right, title, and interest in and to the patent, copyright, trademark, trade secret, and any other intellectual property rights in the Software and any derivative works thereof, subject only to the limited licenses set forth in this Agreement. Client does not acquire any other rights, express or implied, in the Software other than those rights expressly granted under this Agreement.

Subject to the terms and conditions of this Agreement, Client is hereby granted a limited, nonexclusive, nontransferable license to use the Software in accordance with the terms of this Agreement. All rights not expressly granted to Client by this Agreement are hereby reserved by Bank. Nothing in this license will entitle Client to receive hard-copy documentation, technical support, telephone assistance, or updates to the Software. Upon termination of this Agreement or the applicable Service, Client agrees to immediately delete all copies of the Software in Client's possession or control.

Client shall not: (a) modify, revise, or create any derivative works of the Software; (b) decompile, reverse engineer, or otherwise attempt to derive the source code for the Software; (c) redistribute, sell, rent, lease, sub-license, or otherwise transfer rights to the Software; or (d) remove or alter any proprietary notices, legends, symbols, or labels in the Software, including any trademark, logo, or copyright.

THE SOFTWARE IS PROVIDED ON AN "AS IS" AND "AS AVAILABLE" BASIS WITHOUT WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. NO WARRANTY IS PROVIDED THAT THE SOFTWARE WILL BE

FREE FROM DEFECTS OR VIRUSES OR THAT OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED. CLIENT'S USE OF THE SOFTWARE AND ANY OTHER MATERIAL OR SERVICE DOWNLOADED OR MADE AVAILABLE TO CLIENT THROUGH THE SOFTWARE IS AT CLIENT'S OWN DISCRETION AND RISK, AND CLIENT IS SOLELY RESPONSIBLE FOR ANY DAMAGE RESULTING FROM THEIR USE.

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT WILL BANK OR AFFILIATED ENTITIES BE LIABLE FOR ANY DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE SOFTWARE, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, EVEN IF ADVISED OF THE POSSIBILITY THEREOF, AND REGARDLESS OF THE LEGAL OR EQUITABLE THEORY (CONTRACT, TORT OR OTHERWISE) UPON WHICH ANY CLAIM IS BASED. IN ANY CASE, LIABILITY OF BANK OR ANY OF THE OTHER PERSONS OR ENTITIES DESCRIBED IN THE PRECEDING SENTENCE ARISING OUT OF THE USE OR INABILITY TO USE THE SOFTWARE SHALL NOT EXCEED IN THE AGGREGATE THE LESSER OF \$10.00 OR THE SUM OF THE FEES PAID BY CLIENT FOR THIS LICENSE.

The Software is commercial computer software subject to RESTRICTED RIGHTS. In accordance with 48 CFR 12.212 (Computer software) or DFARS 227.7202 (Commercial computer software and commercial computer software documentation), as applicable, the use, duplication, and disclosure of the Software by the United States of America, its agencies or instrumentalities is subject to the restrictions set forth in this Agreement.

29. Feedback

If Client provides Bank with any ideas, proposals, suggestions, or other materials, whether related to the Service or otherwise, Client acknowledges and agrees that such ideas, proposals, suggestions, or other materials are not confidential. Client also acknowledges and agrees that Client's provision of such ideas, proposals, suggestions, or other materials is gratuitous, unsolicited, may be used by Bank without restriction, and does not create any fiduciary or other obligations for Bank.

30. USA PATRIOT Act Notice

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account. What this means for Client: When Client opens an account, Bank will ask for Client's name, address, date of birth, and other information that will allow us to identify Client. Bank may also ask to see a driver's license or other identifying documents.

31. Survival

The following provisions will survive the termination of this Agreement: Section II.1 (Construction and Interpretation); Section II.3 (Term and Termination); (Section II.6 (Confidentiality); Section II.14 (Limitation of Liability); Section II.15 (Indemnification); Section II.16 (No Warranties); Section II.18 (Governing Law); Section II.19 (Dispute Resolution); Section II.20 (Injunctive Relief); Section II.22 (Entire Agreement); Section II.23 (Severability); Section II.25 (Third Party Beneficiaries); Section II.26 (Ownership of Services); and this Section II.31 (Survival). In addition, all other indemnifications and limitations of liability set forth in this Agreement will survive termination of this Agreement.

PART III: SERVICE TERMS

1. ACH Service

(a) Service Description

The Service allows Client to originate consumer Credit Entries through Bank to transfer funds to accounts of Receivers at Bank and at other Participating Depository Financial Institutions by means of the ACH system. Subject to the terms of this Agreement, Bank is willing to act as an ODFI with respect to such consumer Credit Entries. Client shall not use the Service to originate Debit Entries. For any Entry created under this Service, Client is deemed to be the Originator under the Rules. Bank may provide the Service itself or through use of Processor.

The Service also allows Client to receive Entries and allows Client to direct Bank, as an RDFI, to block certain Entries to Client's Accounts.

The Service is governed by the Rules, and Client acknowledges having or having access to a copy of the Rules, including any amendments or other changes to the Rules.

(b) Transmittal of Entries by Client

- (i) Entries initiated by Client or Client Agent shall be in accordance with the procedures and specifications set forth by Bank in the Service Documentation. Entries shall be sent by electronic transmission to Bank's or Processor's internet site by use of any electronic means acceptable to Bank or Processor. Entries shall be deemed received by Bank when (A) the electronic transmission of the Entry to Bank or Processor is successfully completed; and (B) Bank or Processor receives a written request sent via email or electronic transmission requesting that the Entry be processed (or cancelled or amended), unless such requirement under this Section II.1(b)(i)(B) has been waived by written agreement between Client and Bank. If Client fails to comply with Bank procedures set forth in the Service Documentation, Bank may, but shall not be required to, process such Entries.
- (ii) Entries shall be delivered or transmitted to Bank not later than the Cut-off Time and the number of days prior to the Effective Entry Date specified by Bank. The total dollar amount of Credit Entries transmitted by Client to Bank on any Business Day shall not exceed the Dollar Limit. Client shall not transmit Debit Entries to Bank. Client may not reinitiate Entries except as permitted by the Rules.
- (iii) Client shall obtain authorization as required by the Rules from the person or entity whose account will be credited as the result of an Entry initiated by Client. Client shall retain such authorization in original form while it is in effect and the original or a copy of each authorization for two (2) years after termination or revocation of such authorization, or such longer time as may be required by the Rules. Immediately upon request, Client shall furnish the original or a copy of the authorization to Bank or any other affected Participating Depository Financial Institution, as defined in the Rules.

- (iv) Subject to Bank's approval, Client may utilize one or more Client Agents to deliver Entries to Bank or, if requested by Bank, directly to Bank's Processor. For purposes of this Agreement, where Client or Client Agent utilizes one or more vendors to transmit Entries to Bank or Processor, each such vendor is itself also a Client Agent. Client acknowledges and agrees that a Client Agent shall be considered a Third-Party Service Provider, and not a Third-Party Sender, under the Rules.

(c) Processing, Transmittal, and Settlement by Bank

- (i) Subject to the terms of this Agreement, Client authorizes Bank and Processor to, and Bank or Processor shall, (A) process accepted Entries which Bank or Processor believes in good faith were received from Client or Client Agent and that conform with the file specifications set forth in the Rules, (B) transmit such Entries as an ODFI to the ACH Operator selected by Bank, and (C) settle for such Entries as provided in the Rules.
- (ii) Bank or Processor shall transmit such Entries to the ACH Operator prior to the Effective Entry Date shown in such Entries, provided (A) such Entries are received by Bank by Cut-off Time or by Processor by such time designated by Processor on a Business Day, (B) the Effective Entry Date is at least two (2) days after such Business Day, and (C) the ACH Operator is open for business on the Effective Entry Date. For purposes of this Agreement, Entries shall be deemed received by Bank or Processor at such times as the applicable requirements have been met with respect to such Entries. If any requirement of this Section III.1(c)(ii) are not met, Bank or Processor may, in their sole discretion, either transmit such Entries to the ACH Operator as provided in this Section III.1(c)(ii) or use reasonable efforts to transmit such Entries to the ACH Operator by Bank's or Processor's next processing deadline, which is a Business Day and a day on which the ACH Operator is open for business.

(d) On-Us Entries

Subject to the terms of Section III.1(f), in the case of an Entry received for credit to an account maintained with Bank (an "**On-Us Entry**"), Bank shall credit the Receiver's account in the amount of such Entry on the Effective Entry Date contained in such Entry, provided the requirements set forth in clauses (A) and (B) of Section III.1(c)(ii) are met. If either of those requirements is not met and subject to the terms of Section III.1(f), Bank shall use reasonable efforts to credit the Receiver's account in the amount of such Entry on the next Business Day following such Effective Entry Date. An On-Us Entry may not be processed through the ACH Network, but Client is deemed to make all representations and warranties as if the Entry were not an On-Us Entry.

(e) Rejection, Correction of Entries

Notwithstanding anything in this Agreement to the contrary, Bank and Processor shall have the right to reject any Entry for any reason whatsoever, including an Entry which does not comply with Bank procedures, the Rules, or any other requirements, or which contains an Effective Entry Date less than two (2) days after the Business Day such Entry is received by Bank or Processor, or any failure by Client to comply with its Account balance obligations in this Agreement. Bank or Processor shall notify Client or Client Agent by electronic transmission, email, or telephone of such rejection no later than

the Business Day such Entry would otherwise have been transmitted by Bank or Processor to the ACH Operator or, in the case of an On-Us Entry, its Effective Entry Date. Bank shall have no responsibility or liability to Client in connection with the rejection of any Entry or for failing to provide notice of a rejection. Bank is not obligated to pay Client interest for the period before Client receives the notice of rejection. If an Entry is rejected for any reason, it is Client's responsibility to correct the Entry that Client intends to resubmit. If the amount of any Entry or Entries received by Bank or Processor do not agree with any corresponding transmittal information provided by Client pursuant to this Agreement, Bank may in its sole discretion reject or correct the Entry or Entries. If Bank determines in its sole discretion to correct an Entry, Client shall be deemed for purposes of this Agreement to have delivered the Entry to Bank as it has been corrected by Bank pursuant to this Section III.1(e).

(f) Cancellation, Reversal, or Amendment by Client

Client shall have no right to cancel, reverse, or amend any Entry after its receipt by Bank or Processor. However, Bank may use reasonable efforts to act on a request by Client for cancellation of an Entry prior to Bank or Processor transmitting it to the ACH Operator or, in the case of an On-Us Entry, prior to crediting a Receiver's account, provided such request complies with Security Procedures and other requirements, but Bank shall have no liability if such cancellation is not effected. Client's request must include the reason for the cancellation, reversal, or amendment. Client agrees to indemnify Bank in connection with any such request from Client. Obligations under this Section III.1(f) will survive the termination of this Service.

(g) Notice of Returned Entries

Bank or Processor shall notify Client or Client Agent, by electronic transmission, email, or telephone of the receipt of a returned Entry or dishonored returned Entry from the ACH Operator no later than one (1) Business Day after the Business Day of such receipt. Except for an Entry retransmitted by Client in accordance with the requirements of this Agreement, Bank or Processor shall have no obligation to retransmit a return Entry with respect to the original Entry.

(h) International ACH Transactions

Client shall not originate any IAT Entries. Bank has no obligation to act on any Entries that Bank determines in its sole discretion should have been coded as IAT Entries.

(i) Payment

- (i) On the Effective Entry Date, Client shall either have a sufficient Available Balance in the Account to cover the amount of each Credit Entry transmitted by Bank or Processor, or if Client has an insufficient Available Balance, Bank may overdraft Client's Account pursuant to the Account Agreement. Notwithstanding the foregoing, Bank reserves the right to require Client to have a sufficient Available Balance in the Account to cover the amount of a Credit Entry transmitted by Bank or Processor, pursuant to this Agreement, on a date earlier than the Effective Entry Date.
- (ii) Bank shall not be required to pay Client the amount of any credit reversal before Bank receives final settlement. Any such payment by Bank shall be made by credit to the Account. Any such credit provided prior to the time of final settlement shall be provisional and Bank shall have the right, without prior notice

or demand by Bank, to immediate repayment by Client of the amount of such credit upon Bank's receipt of notice that final settlement has not occurred. In addition, Bank shall have the right, without notice or demand, to immediate repayment by Client of the amount of any adjustment Entry for which Bank or Processor is required to settle under the Rules and for which Client or Client Agent has previously received credit, at the time Bank receives such adjustment Entry, as applicable, or notice thereof.

(j) The Account

- (i) Bank may, without prior notice or demand, obtain payment of any amount due and payable to it under this Agreement by debiting the Account and shall credit the Account for any amount received by Bank to which Client is entitled under this Agreement by reason of the return of a Credit Entry transmitted by Bank or Processor for which Bank has previously received payment from Client. Such credit shall be made as of the day of such receipt by Bank, if a Business Day.
- (ii) Funds from any credits to the Account to which Client is entitled under this Agreement will be available to Client on the day of receipt of the credit by Bank, if a Business Day.
- (iii) If Bank or Processor in its discretion accepts an Entry from Client for the credit of another account, and there does not exist on the Settlement Date (or for an On-Us Entry, on the Effective Entry Date), an available credit balance in the Account sufficient to cover the amount of the Entry, or if any amount is due and payable to Bank under this Agreement and there does not exist, at that time, an available credit balance in the Account sufficient to cover the amount due and payable, then Bank, in its sole discretion, may overdraft the Account. If Bank permits one or more overdrafts, Bank is not establishing a course of conduct and it shall not mean that Bank will pay other overdrafts in the future.

(k) Account Reconciliation

Entries accepted and processed by Bank or Processor will be reflected on Client's Statement issued by Bank with respect to the Account pursuant to the agreement between Bank and Client. Client shall review the Statement and notify Bank of any discrepancies or errors, including unauthorized Entries, as set forth in the Account Agreement.

(l) Credit Approval

In utilizing the ACH system in performance of this Agreement, Bank must make certain warranties on behalf of Client. Specifically, Bank is charged with assuring the financial soundness of Client to make the intended Entries. Bank must approve all Entries and may request financial information from Client and/or a separate credit agreement. Bank shall also be authorized to obtain credit reports on Client as may be necessary from time to time. Bank may also assign Client a Dollar Limit. Client acknowledges that the Dollar Limit is solely for the protection of Bank and its assets. Client understands that daily requests for Entries exceeding the Dollar Limit are honored solely at the discretion of Bank. Requests not honored may be communicated by Bank to Client.

(m) Client Representations and Covenants; Indemnity

- (i) With respect to each Entry transmitted by Client or Client Agent, and each time Client uses the Service, Client represents to Bank and agrees that (A) Client has obtained appropriate authorization, in writing and authenticated, from each Receiver for each Entry authorizing the crediting of its account in the amount and on the Effective Entry Date shown on such Entry; (B) such authorization is operative at the time of transmittal or crediting by Bank as provided herein; (C) Entries transmitted to Bank or Processor by Client or Client Agent are limited to those types of Entries set forth in the Service Documentation; (D) Client shall perform its obligations under this Agreement in accordance with all Applicable Law, including laws, regulations, and orders administered by FinCEN and OFAC and any state laws, regulations, or orders applicable to the providers of ACH payment services; (E) Client has or has access to a copy of the Rules; (F) Client makes the same warranties to Bank as Bank makes under the Rules; and (G) the information contained in each Entry is correct.
- (ii) Regardless of whether an Entry is sent through the ACH network, Client shall be bound by and comply with the Rules, including the provisions thereof making payment of an Entry by the RDFI to the Receiver provisional until receipt by the RDFI of final settlement for such Entry; and Client specifically acknowledges that it has received notice of that Rule and of the fact that, if such settlement is not received, the RDFI shall be entitled to a refund from the Receiver of the amount credited, and Client shall not be deemed to have paid the Receiver the amount of the Entry. In addition, Client warrants to Bank that each institution it provides to Bank or Processor regarding an account of a Receiver has been authorized by the Receiver. Client agrees that Client shall be acting as the agent of the Receiver in regard to providing instructions pertaining to the account of the Receiver. For every Entry delivered to Bank by Client or Client Agent, Client authorizes Bank to initiate and transmit and to credit or debit, as applicable, the amount of each such Entry to the Account or to the Receiver's Account, as applicable.
- (iii) Client acknowledges that the Rules impose specified warranties on Client or Bank pertaining to Entries exchanged through the ACH system and that these warranties may vary depending on the type of Entry. Without limiting the generality of all other indemnifications set forth in this Agreement, Client agrees that it shall indemnify and hold Bank harmless from and against any and all Losses which may be claimed against Bank or Processor for any alleged or actual breach of such a warranty relating, directly or indirectly, and in whole or in part, to an Entry transmitted by Client or Client Agent to Bank or Processor or other act or omission of Bank or Processor pursuant to this Agreement.
- (iv) Client acknowledges and agrees that Client is responsible for all actions performed by a Client Agent on its behalf.
- (n) Credit Entries Received by Bank
 - (i) Bank is not obligated to notify Client of Bank's receipt of a Credit Entry designating Client as a Receiver. Notice of such receipt will be provided as part of Client's Statement.

- (ii) Both Bank and Client as a Receiver shall be subject to the provision of the Rules which state that (A) the credit given by an RDFI to the Receiver of a Credit Entry is provisional until the RDFI has received final settlement or payment for such Entry and (B) if such settlement or payment is not received, the RDFI is entitled to a refund from the Receiver in the amount credited, and the Originator of the Entry shall not be deemed to have paid the Receiver the amount of such Entry. Client acknowledges and agrees that Client is obligated to Bank for the amount of the payment, and Bank is authorized to charge Client's account(s) maintained at Bank for any amount paid to Client.
- (o) ACH Selective Item Processing
- (i) Client may direct Bank, as an RDFI, to reject or accept certain Entries to Client's Accounts in accordance with Client's Authorization Criteria, as specified by Client in the Service Application ("**ACH Selective Item Processing**"). Bank will provide Client a report of Entries that do not meet Client's Authorization Criteria, and Client shall, by the applicable Cut-off Time, instruct Bank whether each Entry in the report should be rejected or accepted. If Client does not provide such instruction or if Client instructs Bank to reject an Entry, Bank will return the Entry to the ODFI.
 - (ii) ACH Selective Item Processing does not apply and shall not be used for the following types of ACH-related transactions, whether or not Client has addressed these in the Authorization Criteria: (A) debits or credits to Client's Account to offset any Entries originated by Client through Bank; (B) reversals of previously received Entries; (C) returns or reversals by the RDFI of Entries originated by Client through Bank; (D) reclamation Entries; (E) debits to Client's Account initiated by Bank or Affiliated Entities to correct processing errors, effect back valuations, make other adjustments or for fees, charges or other amounts Client owes Bank or Affiliated Entities; (F) debits to Client's Account that Bank posts pursuant to its internal procedures in order to comply with Applicable Law; and (G) an Entry that would be returned for any reason under the Rules.
 - (iii) The Service shall be used only to protect a Client's Accounts from external fraud and not to block or return a transaction Client may have originated.
- (p) ACH Block
- (i) Client may direct Bank, as an RDFI, to reject all Entries to Client's Accounts or to reject all Entries to Client's accounts initiated by identified third parties in accordance with Client's Block Authorization, as specified by Client in the Service Application ("**ACH Block**").
 - (ii) ACH Block does not apply and shall not be used for the following types of ACH-related transactions, whether or not Client has addressed these in the Block Authorization: (A) debits or credits to Client's Account to offset any Entries originated by Client through Bank; (B) reversals of previously received Entries; (C) returns or reversals by the RDFI of Entries originated by Client through Bank; (D) reclamation Entries; (E) debits to Client's Account initiated by Bank

or Affiliated Entities to correct processing errors, effect back valuations, make other adjustments or for fees, charges or other amounts Client owes Bank or Affiliated Entities; (F) debits to Client's Account that Bank posts pursuant to its internal procedures in order to comply with Applicable Law; and (G) an Entry that would be returned for any reason under the Rules.

- (iii) The Service shall be used only to protect a Client's Accounts from external fraud and not to block or return a transaction Client may have originated.

(q) Limitation of Liability

Bank shall not be responsible for Client's or Client Agent's acts or omissions, including the amount, accuracy, timeliness of transmittal, or due authorization of any Entry received from Client or a Client Agent or those of any other person, including any Federal Reserve Bank or transmission or communications facility, any Receiver or RDFI, including the return of an Entry by such Receiver or RDFI, and no such person shall be deemed a Bank Agent.

(r) Security Procedure

- (i) If an Entry (or a request for cancellation or amendment of an Entry) received by Bank or Processor purports to have been transmitted or authorized by Client or Client Agent, it will be deemed effective as Client's Entry (or request), and Client shall be obligated to pay Bank the amount of such Entry as provided herein even though the Entry (or request) was not authorized by Client, provided that the Entry complied with all Security Procedures and Bank acted in good faith with respect to such Entry (or request).
- (ii) Client and any Client Agent agree to keep Client's Access Credentials safe and secure and not disclose them to anyone other than a person or entity authorized and permitted by Client to send Entries to Bank or Processor on behalf of Client. Entries transmitted by Client or Client Agent to Bank or Processor shall be encrypted using a technology that provides a commercially reasonable level of security that complies with applicable regulatory requirements. Subsequent to delivering an Entry, Client or Client Agent will send a File Transmittal to Bank or Processor. Bank or Processor will reconcile the Entries to the File Transmittal received via email or electronic transmission and will not transmit the Entry unless they are reconciled or unless Bank and Client have waived the File Transmittal requirement by written agreement.
- (iii) Client agrees to comply with the Security Procedures set forth herein and agrees that such Security Procedures are acceptable and shall be deemed commercially reasonable. The unique transmission information Bank and/or Processor will provide Client is confidential and shall be disclosed only to Client Agents who are required to know them. Any breach of confidentiality shall be promptly reported to Bank.
- (iv) If an Entry (or request for cancellation or amendment of an Entry) was received by Bank or Processor in accordance with Bank procedures, Client shall be obligated to pay the amount of the Entry as provided therein, whether or not that Entry was erroneous in any respect.

- (v) No Security Procedure has been established or shall be deemed to exist for the detection of errors committed by Client with respect to any Entry or File Transmittal issued in Client's name, and Bank shall have no liability to Client or any Receiver as a result of Bank's or Processor's acceptance of such Entry or File Transmittal.

(s) Data Security Requirements

Client and Bank shall establish, implement, and update, as appropriate, policies, procedures, and systems with respect to the initiation, processing, and storage of Entries that comply with the Rules and applicable regulatory guidelines and are designed to (i) protect the confidentiality and integrity of Protected Information until its destruction; (ii) protect against anticipated threats or hazards to the security or integrity of Protected Information until its destruction; and (iii) protect against unauthorized use of Protected Information that could result in substantial harm to a natural person.

(t) Inconsistency of Name and Account Number

Client acknowledges and agrees that, if an Entry describes the Receiver inconsistently by name and account number, payment of the Entry transmitted by Bank or Processor to the RDFI may be made by the RDFI (or by Bank, in the case of an On-Us Entry) on the basis of the account number, even if it identifies a person different from the named Receiver, and that Client's obligation to pay the amount of the Entry to Bank is not excused in such circumstances.

(u) Notification of Changes

Bank or Processor shall notify Client or Client Agent of all notifications of changes, refused notification of changes, or corrected notification of changes received by Bank or Processor related to Entries transmitted by Client or Client Agent no later than two (2) Business Days after receipt thereof. Client shall ensure that changes requested by the notification of change or corrected notification of change are made within six (6) Business Days of Client's receipt of the notification of change information from Bank or prior to initiating another Entry to the Receiver's account, whichever is later. Client shall indemnify and hold harmless Bank against any fine, assessment, or other cost or expense incurred or suffered by Bank or any other person resulting from or arising out of Client's failure to make such change as required in this Agreement or the Rules. Client's failure to make such change may also result in Bank revoking Client's authority to use the Service. The indemnification obligations under this Section III.1(u) will survive the termination of this Service.

(v) Pre-notification

At Client's option and in accordance with the timing and formatting requirements in the Rules, Client may send pre-notification to Receiver through Bank that Client intends to initiate an Entry or Entries to a particular account. If RDFI notifies Bank that such pre-notification has been rejected by an RDFI within the prescribed period, or that an RDFI will not receive Entries without having first received a copy of the authorization signed by the Receiver, Client will not initiate any corresponding Entries to such accounts until the cause for rejection has been corrected or until providing the RDFI with such authorization within the time limits provided by the Rules.

(w) Prohibited Transactions

Client agrees not to transmit an Entry to Bank or Processor or to otherwise use or attempt to use the Services to be provided by Bank hereunder (i) to engage in any illegal purpose, transaction, or activity or to violate any Applicable Law, including any sanctions administered by OFAC; (ii) to breach any contract or agreement by which Client is bound; (iii) to engage in any internet or online gambling transaction, whether or not gambling is legal in any applicable jurisdiction; or (iv) to engage in any transaction or activity that is not specifically authorized and permitted by this Agreement, including transmitting to Bank or Processor an Entry of a type or with a SEC Code that is not permissible under the Service Documentation. Client acknowledges and agrees that Bank has no obligation to monitor Client's use of the Services to be provided by Bank hereunder for transactions and activity that are impermissible or prohibited under the terms of this Agreement; provided, however, that Bank reserves the right to decline to execute any transaction or activity that Bank believes violates the terms of this Agreement.

(x) Client Agent-Originated Files

Client shall not utilize a Client Agent without Bank's prior approval. The following provisions apply if a Client Agent is used:

- (i) Client authorizes and approves each Client Agent to act as its agent with respect to the Service. Client agrees that any act or omission of each Client Agent shall for purposes of this Agreement be deemed an act or omission of Client, including that any Entry transmitted by a Client Agent for or in the name of Client shall be deemed transmitted by Client. Client further agrees that any notice, Statement, Password, sender identification number, instruction, or any other information provided by Bank to a Client Agent pursuant to this Agreement shall be deemed provided to Client.
- (ii) Client Agent must conduct an internal or external audit of compliance with the provisions of the Rules in accordance with the requirements for Third-Party Service Providers under the Rules.
- (iii) Client hereby indemnifies and holds harmless Bank against any and all loss, claim, or demand, and all costs and expenses (including reasonable attorney's fees), resulting from or arising out of any act or omission of any Client Agent, including any such loss, claim, demand, cost, or expense arising out of or resulting from the transmittal of any incorrect or untimely Entry directly or indirectly submitted to Bank or Processor by Client Agent.

(y) Notices and Instructions

- (i) Except as otherwise expressly provided herein, Bank or Processor shall not be required to act upon any notice or instruction received from Client, Client Agent, or any other person or to provide any notice or advice to Client, Client Agent, or any other person with respect to any matter.
- (ii) Bank and Processor shall be entitled to rely without confirmation on any information included in an Entry and on any written notice or other written communication believed by it in good faith to be genuine and to have been

signed by a Client or a Client Agent of Client without comparing Client Agent's signature on such notice or other communication with Client Agent's signature on Bank's or Processor's records, and any such communication shall be deemed to have been signed by such person.

(z) Data Retention and Records

- (i) Client shall retain data on file adequate to permit remaking of Entries for five (5) days following the date of their transmittal by Bank and shall provide such data to Bank upon its request.
- (ii) All magnetic tapes, Entries, Security Procedures, and related records used by Bank for transactions contemplated by this Agreement shall be and remain Bank's property. Bank may, at its sole discretion, make available such information upon Client's request. Any expenses incurred by Bank in making such information available to Client shall be paid by Client. Client and Bank agree that all telephone conversations or data transmissions between them or their agents made in connection with this Agreement may be electronically recorded and retained by either party by use of any reasonable means. Bank shall not be obligated to make such recordings.
- (iii) Client and Bank shall retain the records of Entries for six (6) years and shall store such records in accordance with the security requirements specified in Section III.1(s).

(aa) Third-Party Sender

Client shall not act as a Third-Party Sender.

(bb) WEB Entries

Client shall not act as an Originator of internet-initiated/mobile WEB Entries.

(cc) TEL Entries

Client shall not act as an Originator of telephone initiated TEL Entries.

(dd) ACH Services via Mobile Banking

To use the ACH Services via Mobile Banking, Client must be enrolled in Mobile Banking. In the event of any conflict between this Section III.1 (ACH Service) and Section III.8 (Mobile Banking), this Section III.1 (ACH Service) will prevail but only to the extent necessary to resolve such conflict.

To release an ACH Transaction via Mobile Banking, Client is required to use Access Credentials.

(ee) ACH Services via Internet Banking

To use the ACH Services via Internet Banking, Client must be enrolled in Internet Banking. In the event of any conflict between this Section III.1 (ACH Service) and Section III.9 (Internet Banking), this Section III.1 (ACH Service) will prevail but only to the extent necessary to resolve such conflict.

To release an ACH Transaction via Internet Banking, Client is required to use Access Credentials. In addition to any other limitations imposed on Client's initiation or receipt of ACH Transactions, Client may establish lower limits on initiation or receipt of ACH Transactions via Internet Banking. Bank may establish and change at any time in Bank's sole discretion, daily limits on the dollar amount of Entries Client may initiate, and Bank will have no liability to Client or any other person if Bank rejects or suspends processing any Entries that would exceed such limits.

2. Electronic Data Interchange Reporting Service

(a) Service Description

The Electronic Data Interchange Reporting Service enables Client to authorize and directs Bank to send to Client by eStatement or other means agreed to by Bank in writing, a report of the details received by Bank regarding each Credit Entry made by a third-party to Client's Account(s) as follows:

- (i) Client authorizes and directs Bank to deliver, via eStatement or other means agreed to by Bank in writing, ACH Credit Details, if any, received by Bank with respect to each Credit Entry made to Client's Account.
- (ii) Bank will attempt to deliver ACH Credit Details in accordance with the Service Documentation on the same Business Day that the Credit Entry is received by Bank. Client acknowledges and agrees that Bank makes no assurances whatsoever that the ACH Credit Details will be successfully sent to, or received by, Client. Furthermore, Bank shall not be responsible if, for any reason, it is unable to deliver ACH Credit Details on the Business Day that the Credit Entry was received by Bank. If Bank is made aware that Client is unable to receive Bank's eStatement or other transmission of ACH Credit Details, then Bank may attempt to resend the ACH Credit Details later that same Business Day. If ACH Credit Details cannot be sent by Bank on that same day Business Day, then Bank will attempt to send ACH Credit Details on the following Business Day. Client acknowledges and agrees that Bank will have no liability if Bank fails or is unable to complete a delivery of any ACH Credit Details and that Client shall not structure or enter into any transaction in reliance upon the expectation of receiving ACH Credit Details.

(b) Client's Obligations

- (i) Client assumes any and all risks arising from or in connection with eStatement of ACH Credit Details, including risks arising or resulting directly or indirectly from malfunctions of equipment, telephone lines and circuits, tampering or interception of the eStatement report, and any other risks, except for those risks resulting directly from Bank's willful misconduct or gross negligence.
- (ii) Client assumes all responsibility for the security of ACH Credit Details.

- (iii) Client acknowledges and agrees that it is not possible for the Service to be totally free from operator, programming, or equipment error and that errors in processing and compiling data may occasionally occur (e.g., due to the failure of others to provide accurate information, telecommunication failures, or a breakdown in an electronic data interchange).
- (iv) Client acknowledges and agrees that if Client chooses eStatement for delivery of ACH Credit Details, Client must enroll in eStatement Services and agree to the applicable Service Documentation for eStatement Services.
- (v) In addition to any other requirements set forth in the Service Documentation, Client agrees to exercise reasonable care and promptness in examining each eStatement report to discover any irregularity or inaccuracy, and Client shall notify Bank promptly in writing of any such discovery and in no event more than three (3) days subsequent to the time Bank's records indicate that the eStatement report was sent to Client. Unless otherwise required by Applicable Law, Bank's sole responsibility for any reporting errors caused by Bank will be to reprocess the information for the period in question and to submit corrected reports at Bank's own expense.

3. Statement Services

(a) Service Description

The Service enables clients to elect to receive Statements and other information related to Client's Account and Services via Electronic Statement Transmission, Image CD/DVD, Combined Statement, Expedited Statement, or eStatement. By enrolling in the Service, Client agrees to the terms and conditions applicable to the Statement method(s) Client has elected to receive.

Client is responsible for reviewing Statements and reporting errors as set forth in the Account Agreement or such other applicable agreement between Client and Bank.

(b) Electronic Statement Transmission

(i) Electronic Statement Transmission Description

Electronic Statement Transmission allows transfer of Statements from Bank to Client via SFTP or other means agreed to by Bank in writing.

(ii) Security Procedures

Files will be encrypted as indicated in the Service Documentation. Client or Client Agent can access secure files by connecting to Bank's SFTP server through its preregistered IP address and using the Access Credentials provided by Bank. Bank can transmit secure files by connecting to Client's or Client Agent's SFTP server through its preregistered IP address and using the designated login ID and password provided by Client.

Client agrees that Client and Client Agent will keep the Access Credentials secured at all times and will safeguard against unauthorized access. Client also agrees that Client and Client Agent will notify Bank immediately, but no later than within twenty-four (24) hours, if Client's and/or Client Agent's

Access Credentials are, or are suspected to be, compromised, or if any files are received by an unauthorized person.

CLIENT AGREES THAT USE OF ENCRYPTION AND THE ACCESS CREDENTIALS TO RECEIVE FILES AND REPORTS VIA SFTP, OR VIA OTHER MEANS AGREED TO BY BANK IN WRITING, ARE ACCEPTABLE SECURITY PROCEDURES FOR THESE PURPOSES AND SHALL BE DEEMED TO BE COMMERCIALY REASONABLE IN LIGHT OF CLIENT'S PARTICULAR NEEDS AND CIRCUMSTANCES. BANK SHALL NOT BE LIABLE FOR ANY LOST OR STOLEN FILES, ACCESS CREDENTIALS, OR ANY UNAUTHORIZED COPYING OR DOWNLOADING OF, OR ACCESS TO, ANY FILE, THE ENCRYPTION SOFTWARE, ACCESS CREDENTIALS, ANY UNAUTHORIZED USE OF ELECTRONIC STATEMENT TRANSMISSION, OR FOR ANY TRANSACTION MADE AS A RESULT OF SUCH LOSS, THEFT, USE, ACCESS, OR COPYING.

(c) Image CD/ DVD

(i) Image CD/ DVD Description

Image CD/ DVD allows Client to receive an Image CD that contains Client's Statements, Checks, and/or deposit images. The Image CD can be provided to Client on a periodic basis agreed to by Client and Bank.

(ii) Defective Image CDs

If Bank provides Client with an Image CD that contains a media defect or is unreadable in its entirety, Client must notify Bank in writing of such defect within fourteen (14) days after Client receives the Image CD. If Client provides notice within such time period, Bank will use reasonable efforts to replace the Image CD. Client acknowledges and agrees that this is Bank's sole obligation and Client's sole remedy with respect to any such defects in the Image CD. Promptly upon Bank's request, Client shall return or destroy any defective Image CD.

(iii) Client Use of Service after Termination

Upon suspension or termination of the Service for any reason other than Client's breach of this Agreement, Client may continue to use any Software and other materials for the Service after termination of the Service for six (6) months or for a longer period as approved by Bank.

(d) Combined Statement

Combined Statement allows Client to request Bank combine some or all of Client's Accounts, and at the end of the Statement Cycle Period, Bank will deliver to Client a single Statement that contains information for all of Client's Accounts. Client acknowledges and agrees that Client will not receive a separate Statement for any Account enrolled in Combined Statement. Combined Statement may be available only for certain Account types or Statement types.

(e) Expedited Statement

Expedited Statement allows Client to receive Statements on an expedited timeframe by directing Bank to send paper Statements via U.S. Postal Service next-day delivery or similar. Expedited Statements is only available if Client has a minimum of twenty-five (25) Statements.

(f) eStatement

(i) eStatement Service Description

The eStatement Service allows Client to use Internet Banking to access Statements for the past eighteen (18) months. Client can view, save, and print such Statements through the eStatement Service. By enrolling in the eStatement Service, Client acknowledges and agrees that Client will not receive paper Statements unless Client has specifically requested paper copies of Statements. Where Client requests a duplicate statement for Client Agent or other additional party, paper Statements will not be generated unless Client has specifically requested paper copies of Statements.

(ii) Accessing eStatement Service

To use the eStatement Service, Client must be a subscriber to Internet Banking. Client acknowledges that Client has received and agrees to the terms for Internet Banking. Client acknowledges that Client has the ability to print any Statement made available by Bank through the eStatement Service or the ability to save electronically and visually display any Statement made available by Bank through the eStatement Service. Client understands that Bank recommends Client save and print a copy of all Statements for Client's records.

(iii) Email Address

If Client uses the eStatement Service, Client agrees to maintain a valid, active email address. Client shall promptly notify Bank of any change in Client's email address as set forth in Section II.21(a)(ii) (Notice). Bank shall not be liable for any third party-incurred fees, other legal liability, or any other issues or liabilities arising from eStatements or notifications sent to an invalid or inactive email address (or an email address owned by, registered to or used by, someone other than Client) or postal address that Client has provided.

(iv) Security Procedures

Client cannot use the eStatement Service without the necessary Access Credentials. Client agrees that the use of the Access Credentials constitutes a commercially reasonable Security Procedure. Client agrees that access to the Service through the use of the Access Credentials assigned to Client shall be deemed to be authorized by Client. Client is responsible for all actions taken or purportedly taken by any person that has been authenticated. Disclosure by Client of Access Credentials to other parties may result in other parties accessing Client Statements, and Client will be responsible for any transactions that may be completed. Client will immediately, but no later than within twenty-four (24) hours, call Bank at the phone number set forth in Section II.21(c) (Notice) if Client believes an unauthorized party has used Client's Access Credentials to use the eStatement Service.

(v) Terminating Use of eStatement

Client's ongoing consent to not receive paper Statements unless Client has specifically requested paper copies of Statements is voluntary. Client may request to receive paper copies of Statements by contacting Bank at the phone number set forth in Section II.21(b) (Notice). Subject to Bank's confirmation of Client's request, the request will be effective no later than the second Statement Cycle Period after receipt by Bank, at which time Bank will resume mailing Statements to the address of record for the Account. Unless Client requests paper Statements, Statements accessible through eStatement will constitute the sole notice Client will receive regarding Client's Account balances and

the activity therein for the Statement Cycle Period covered by such Statement. Client understands that each date on which a Statement is available through eStatement shall begin the time period within which Client is required to notify Bank of any errors or irregularities in, or relating in any way to, the particular underlying Account, as required by the Account Agreement.

4. **FX Web Portal**

(a) Service Description

The Service is the provision of Bank's electronic foreign exchange web portal, offering various foreign exchange capabilities.

The Service features available to Client may vary based on the type of device used to access the Service. Depending on the access device, the Service may, for example, use different terminology and appear in different formats, provide different instructions for accessing the Service, and process instructions at different speeds. Bank will not be liable for any delays or failures in Client's ability to access the Service.

By enrolling in this Service, Client agrees to the Funds Transfer Agreement contained in the Account Agreement, which is incorporated by reference and governs this Service. For purposes of this Service, if there is any conflict among the documents that are part of the Service Documentation, they will be governed in the following order: (i) the Account Agreement(s), (ii) this Agreement, (iii) the Acceptance, (iv) the Service Application, and (v) all other documents that are part of the Service Documentation.

(b) FX Transactions

To make an FX Transaction via the Web Portal, Client may be asked to supply certain relevant Account information. Client represents and warrants that it has the right to use the Account that is used in connection with any FX Transaction. By submitting such information, Client grants to Bank the right to provide such information to third parties for purposes of facilitating the FX Transaction. Verification of information may be required prior to the acknowledgment or completion of an FX Transaction.

Bank reserves the right, including without prior notice, to limit the available quantity of or discontinue making available FX Transactions, to bar Client from making any FX Transaction, and to refuse to provide Client with any FX Transaction. Although Bank may confirm FX Transactions by email, the receipt of an email FX Transaction confirmation does not constitute Bank's acceptance of such FX Transaction.

(c) Acknowledgments

In deciding whether to place an FX Transaction pursuant this Agreement, Client acknowledges that it has considered and accepted that FX Transactions carry risks, including:

- (i) Credit Risk FX Transactions entered into between Client and Bank pursuant to the Service are on a principal-to-principal basis and are, therefore, subject to the risk that Bank fails to perform its obligations to Client under this Agreement or the Account Agreement;

- (ii) Market Risk The performance and valuation of FX Transactions linked to foreign exchange rates will fluctuate due to market volatility, which may be sudden and large and may be affected by other factors including economic and political events; when entering into an FX Transaction to protect Client from risks due to changes in the rate of exchange between two currencies or, in other words, to hedge an underlying exposure to foreign exchange rate fluctuations, Client is responsible for determining the extent and nature of its underlying exposure, and the effectiveness of the FX Transaction as a hedge for such underlying exposure; any mismatch between the underlying exposure and the FX Transaction may lead to under-hedging or over-hedging and a resultant exposure to changes in the rate of exchange between two currencies or, in other words, having an underlying exposure to foreign exchange rate fluctuations; and
- (iii) Liquidity Risk Where Bank accepts an FX Transaction in relation to foreign currencies that are or become illiquid, it is possible that execution or settlement of such FX Transaction will be affected by such liquidity.

(d) Client Consent

Client consents to receiving by email or other delivery channels, messages from Bank related to the Service.

(e) Client Representation and Warranties

In addition to all warranties set forth in the Service Documentation, by using the Service, Client represents, warrants, and covenants to Bank that when Client submits an FX Transaction:

- (i) Client is participating in the Service and submitting an FX Transaction as principal;
- (ii) Client has taken into account and understand and accept the various risks associated with FX Transactions;
- (iii) Client understands that, unless Bank agrees otherwise, Bank is offering execution-only services pursuant to this Agreement, and Client has made its own independent decision to enter into this Agreement and submit an FX Transaction, including whether an FX Transaction is suitable for Client and whether an FX Transaction is appropriate or proper for Client's purposes, and Client is not relying on any communication from Bank (oral or written) as investment advice or as a recommendation to submit an FX Transaction under this Agreement;
- (iv) All information provided by Client or on Client's behalf is true, accurate, and not misleading, and Client will notify Bank as soon as possible in the event that there is any change to such information; and
- (v) Client has complied, and will comply with, all necessary consents, licenses, authorizations, and powers to enter into and perform its obligations under this Agreement and in respect of each FX Transaction, and Client has taken all necessary actions to authorize such execution and performance.

(f) Limitation of Liability

Bank will have no obligation to Client to verify or authenticate separately any communication Bank receives in Client's name through the Service, whether or not Client actually issued the communication. Bank may, at Bank's sole option, contact Client with respect to any communication Bank receives in Client's name, but Bank's election to contact Client with respect to one or more communication will not obligate Bank to contact Client with respect to any subsequent communication Bank receives in Client's name.

(g) Area of Use

Client covenants, represents, and warrants that Client will use the Service only within the United States. Bank reserves the right to terminate Client access to the Service if Bank determines that Client uses the Service when located outside of the United States. Client further agrees that Client will not use or otherwise export or re-export the Service, except as authorized by Applicable Law.

(h) Access Credentials

Client must register to use all or part of the Portal. Client may access the Portal using the Access Credentials. Bank may require Client to change the Access Credentials at any time. Client is responsible for any use or misuse of the Access Credentials. Any access to the Portal through the use of Client's Access Credentials shall be deemed to be authorized by Client. Client acknowledges and agrees that the Access Credentials are an acceptable and commercially reasonable security procedure and that the Access Credentials are intended as a security procedure to detect unauthorized use of the Portal, not to detect an error made by Client when using the Services. The Access Credentials should be kept confidential. Client is solely responsible for selecting and implementing Security Procedures to ensure the confidentiality of the Access Credentials. Client's failure to ensure the confidentiality of the Access Credentials may cause Client to suffer Losses. Bank may block Client's access to the Portal if it believes that the Access Credentials have been compromised.

(i) Reporting Unauthorized Access

If Client believes someone has used or may attempt to use the Service without Client's permission, or that any other unauthorized use or security breach has occurred, Client must contact Bank immediately, but no later than within twenty-four (24) hours, as identified in Section II.21(c) (Notice). In addition, Client agrees to mail a written report of such belief to Client's account officer at the Financial Center where the Account is maintained. Telephoning is the best way to minimize Losses for any error or unauthorized transaction.

(j) Third-Party Content

Bank may make available Third-Party Content through the Service. Bank does not own any interest in, control, edit, review, or endorse any Third-Party Content. Client agrees that any Third-Party Content Client uses is provided to Client "as is." The posting of any Third-Party Content or any other information or data in the Portal is not a recommendation by Bank of any particular Service or transaction. Bank does not guarantee and is not responsible for the accuracy, completeness, validity, timeliness, reliability, integrity, quality, legality, usefulness, or safety of any Third-Party Content or any intellectual property rights therein. Bank has no obligation to monitor Third-Party Content, and Bank may block or disable access to any Third-Party Content (in whole or part) through the Service at any time. Bank is not responsible for the actions or omissions of the third parties developing or

transmitting Third-Party Content or for any decision made or action taken by Client in reliance on any Third-Party Content. CLIENT'S USE OF THIRD-PARTY CONTENT IS AT CLIENT'S OWN RISK AND IS SUBJECT TO ANY ADDITIONAL TERMS, CONDITIONS, AND POLICIES APPLICABLE TO SUCH THIRD-PARTY CONTENT (SUCH AS TERMS OF SERVICE OR PRIVACY POLICIES OF THE PROVIDERS OF SUCH THIRD-PARTY CONTENT).

(k) Downloads

Bank may make available Downloads. Such Downloads are provided for Client's personal use only and must be used in accordance with the terms of this Agreement. Client may not make derivative works, distribute, modify, transmit, or publically display the Downloads (or copies thereof). Client acknowledges and agrees that the Downloads are owned by Bank or Bank Agents and protected by intellectual property and other proprietary laws and rights. Client must retain all trademark, copyright, and other proprietary notices on the Downloads. All Downloads are subject to the terms and conditions of this Agreement and shall remain the property of their applicable owners.

(l) Rules of Conduct

In connection with the Portal, Client shall not engage in any unacceptable or unauthorized use or activity and must not:

- (i) Post, transmit, or otherwise make available through or in connection with the Portal any materials or messages that are or may be (or contain anything that are or may be): (a) threatening, harassing, degrading, hateful or intimidating, offensive, malicious, or otherwise fail to respect the rights and dignity of others; (b) defamatory, libelous, fraudulent, or otherwise tortious; (c) obscene, indecent, pornographic, or otherwise objectionable; or (d) protected by copyright, trademark, trade secret, right of publicity or privacy, or any other proprietary right, without the express prior written consent of the applicable owner;
- (ii) Post, transmit, or otherwise make available through or in connection with the Portal any materials or messages that do not pertain to the intended use of the Portal.
- (iii) Post, transmit, or otherwise make available through or in connection with the Portal any Virus.
- (iv) Use the Portal for any purpose that is fraudulent or otherwise tortious or unlawful.
- (v) Harvest or collect information about users of the Portal.
- (vi) Interfere with or disrupt the operation of the Portal or the servers or networks used to make the Portal available, including by hacking or defacing any portion of the Portal; or violate any requirement, procedure, or policy of such servers or networks.
- (vii) Interfere with, disrupting, or attempting to gain unauthorized access to information or other accounts within the Portal.
- (viii) Restrict or inhibit any other person from using the Portal.

- (ix) Remove any copyright, trademark, or other proprietary rights notice from the Portal.
- (x) Frame or mirror any portion of the Portal, or otherwise incorporate any portion of the Portal into any product or service, without Bank's express prior written consent.
- (xi) Systematically download and store Portal content.
- (xii) Use any robot, spider, site search/retrieval application, or other manual or automatic device to retrieve, index, "scrape," "data mine," or otherwise gather Portal content, or reproduce or circumvent the navigational structure or presentation of the Portal, without Bank's express prior written consent.

(m) Information Submitted Through the Portal

Client represents and warrant that any information Client provides in connection with the Portal is and will remain accurate and complete and that Client will maintain and update such information as needed. Bank may rely on the accuracy of any information Client provides Bank. Client shall promptly inform Bank of any incorrect or outdated information. Neither Bank nor Bank Agents shall be liable for any failure in performance under this Agreement, to the extent such failure is the result of inaccurate, outdated, or incomplete information supplied by Client or by anyone acting on Client's behalf. Client shall bear the cost of correction and pay all direct costs arising therefrom if the correction of such information results in costs to Bank or any Bank Agent that exceed those incurred in the normal course of business.

(n) Submissions

Bank has no control over and is not responsible for any use or misuse (including any distribution) by any third party of Submissions. If Client chooses to make any Client Data, personally identifiable information, or other information publicly available through a Submission, Client does so at its own risk.

(i) License

For purposes of clarity, Client retains ownership of its Submissions. For each Submission, Client hereby grants to Bank a worldwide, royalty-free, fully paid-up, non-exclusive, perpetual, irrevocable, transferable, and fully sub-licensable (through multiple tiers) license, without additional consideration to Client or any third party, to reproduce, distribute, perform and display (publicly or otherwise), create derivative works of, adapt, modify, and otherwise use, analyze, and exploit such Submission, in any format or media now known or hereafter developed, and for any purpose (including promotional purposes, such as testimonials).

Client represents and warrant that they have all rights necessary to grant the licenses granted in this Section III.4(n)(i), and that Submissions, and the provision thereof through and in connection with the Portal, are complete and accurate, and are not fraudulent, tortious, or otherwise in violation of any applicable law or any right of any third party. Client further irrevocably waives any "moral rights" or other rights with respect to attribution of authorship or integrity of materials regarding each Submission that they may have under any Applicable Law under any legal theory.

(ii) Monitoring

Bank may (but has no obligation to) monitor, evaluate, alter, or remove Submissions before or after they appear on the Portal, or analyze Client access to or use of the Portal. Bank may disclose information regarding Client access to and use of the Portal, and the circumstances surrounding such access and use, to anyone for any reason or purpose.

(o) Processing FX Transactions

FX Transactions submitted on the Portal after the Cut-off Time will be processed by Bank on the following Business Day. In submitting an FX Transaction, Client authorizes Bank to credit or debit the Account any amounts owed to Client or owed by Client (as applicable), even if this results in such Account being overdrawn or any credit limit applicable to Client being exceeded.

(p) Dollar Value Limit

The dollar value of any FX Transaction submitted through the Portal shall not exceed any Dollar Limit established by Bank, in its sole discretion, and specified in the Service Documentation or as communicated to Client from time to time. If the total dollar amount of an FX Transaction submitted by Client to Bank exceeds the Dollar Limit, Bank may, at its option, refuse to accept the FX Transaction, or may accept and process the FX Transaction.

(q) Insufficient Funds

If at the time of processing an FX Transaction the Available Balance in the Account plus any available credit is not sufficient to fund the FX Transaction, then Bank has the right to (i) reject the FX Transaction, (ii) create an overdraft in the Account to the extent of the deficiency, or (iii) transfer funds from any other Client account at Bank into the Account to cover such deficiency. If Bank permits one or more overdrafts, Bank is not establishing a course of conduct and it shall not mean that Bank will pay other overdrafts in the future.

(r) No Warranties

To the fullest extent permitted under Applicable Law: (i) the Portal, Services, FX Transactions, Downloads, and any Third-Party Content are made available to Client on an “as is,” “where is,” and “where available” basis, without any warranties of any kind, whether express, implied or statutory; and (b) Bank disclaims all warranties with respect to the Portal, Services, FX Transactions, Downloads, and any Third-Party Content, including the warranties of merchantability, fitness for a particular purpose, non-infringement, and title. All disclaimers of any kind (including in this Section III.4(r) and elsewhere in the Service Documentation) are made for the benefit of both Bank and the Affiliated Entities and their respective successors and assigns.

While Bank try to maintain the timeliness, integrity, and security of the Portal, Bank does not guarantee that the Portal is or will remain updated, complete, correct, or secure or that access to the Portal will be uninterrupted. The Portal may include inaccuracies, errors, and materials that violate or conflict with this Agreement. Additionally, third parties may make unauthorized alterations to the Portal. If Client becomes aware of any such alteration, Client shall contact Bank in accordance with Section II.21(c) (Notice) with a description of such alteration and its location on the Portal.

5. **Monogram Direct Send**

(a) Service Description

The Service enables Client and/or Client Agent to receive a Data File from Bank using SFTP or another selected File Transmission Method agreed to by Bank and Client. Client may elect the frequency of Data File receipt and the desired information contained in the Data File on the Service Application.

(b) Security Procedures

The Security Procedures used in providing the Service are stated in the Service Application for SFTP or the other specific File Transmission Method that Client has selected. Client agrees that Client and Client Agent will safeguard the Access Credentials used to protect the Data File from use by persons not authorized by Client and/or Client Agent to send, access, or download the Data Files. Client also agrees that Client and Client Agent will notify Bank immediately, but no later than within twenty-four (24) hours, should (i) Client's and/or Client Agent's Access Credentials come into the possession, or be suspected to have come into the possession, of persons not authorized by Client and/or Client Agent to send, access, or download Data Files; (ii) if any Access Credentials or Security Procedures have been or is suspected of being compromised; or (iii) any Data Files are received by, accessed by, or sent by an unauthorized person.

CLIENT AGREES THAT USE OF THE SECURITY PROCEDURE DESCRIBED IN THE SERVICE APPLICATION FOR SFTP OR OTHER DATA FILE TRANSMISSION METHOD AGREED TO BY CLIENT AND BANK CONSTITUTE AN ACCEPTABLE SECURITY PROCEDURE FOR THE TRANSMISSION OF DATA FILES AND SHALL BE DEEMED TO BE COMMERCIALY REASONABLE IN LIGHT OF CLIENT'S PARTICULAR NEEDS AND CIRCUMSTANCES.

CLIENT FURTHER AGREES THAT THE SENDING OF DATA FILES BY OR MAKING DATA FILES AVAILABLE USING SFTP OR THE OTHER FILE TRANSMISSION METHOD AGREED TO BY CLIENT AND BANK SHALL BE DEEMED TO HAVE BEEN SENT TO, OR RECEIVED BY, CLIENT AS OF THE DATE THEY ARE SENT, OR FIRST BECOMES AVAILABLE, TO CLIENT USING SFTP OR THE OTHER FILE TRANSMISSION METHOD. BANK IS UNDER NO OBLIGATION TO ACCOMMODATE DATA FILES THAT ARE PROVIDED OTHER THAN IN ACCORDANCE WITH BANK PROCEDURES, AND ANY SUCH DATA FILES THAT ARE ACCOMMODATED BY BANK ARE ACCEPTED IN BANK'S SOLE DISCRETION AND MAY BE SUBJECT TO ADDITIONAL REVIEW BY BANK.

Bank may discontinue Client's and/or Client Agent's use of the Service and/or access to a File Transmission Method at any time without prior notice to Client if necessary to maintain the security of the File Transmission Method and/or the Service. Client agrees that any action taken by Bank beyond the Security Procedures, in an attempt to detect or prevent an unauthorized use of a File Transmission Method or the Service, or an error in the transmission or content of a Data File, shall not be deemed to be a part of the Security Procedures regardless of how often such action may be taken by Bank.

(c) Limitation of Liability

The Service allows Bank to transmit secure Data Files to Client using SFTP or another selected File Transmission Method agreed to by Bank and Client. Bank shall have no liability for any Losses to Client as a result of Bank's transmission of a secure Data File to Client using SFTP or another selected File Transmission Method, including any damages to Client's server or any other Client system.

(d) Unauthorized Access to or Use of the Service and/or File Transmission Method

If Client or Client Agent believes any of their Access Credentials have been lost, stolen, accessed, or copied without authorization; if unauthorized Data Files have been transmitted to or received from Bank through use of the Service and/or SFTP or other File Transmission Method agreed to by Bank and Client; if a Data File has been downloaded or uploaded without authorization by Client and/or Client Agent; or if the Service and/or SFTP or other File Transmission Method agreed to by Bank and Client has been used without authorization, then Client shall immediately, but no later than within twenty-four (24) hours, call Bank at the phone number set forth in Section II.21(c) (Notice) and report such loss, theft, or unauthorized access or use. In addition, Client agrees to mail a written report of such loss, theft, or unauthorized access or use to the address set forth in Section II.21(a)(ii) (Notice).

6. Remote Deposit Capture

(a) Service Description

The Service allows Client to capture Images of eligible Checks using a Scanner and transmit those Images and other data to Bank or Bank Agent electronically for deposit to the Account. The Checks will be processed electronically based on the information that Client provides. Client will receive reports, be able to export information, and receive transmission of detailed information regarding Client's use of the Service if requested in Service Application. Checks deposited using the Service will be reflected on Client's Statement.

(b) Use of Service

- (i) Client shall follow all Service instructions provided by Bank for capturing and transmitting Images and other information. Client shall (A) prior to scanning any Check payable to Client, properly endorse the back of the Check and include with such endorsement the account number of the Account; (B) use the Scanner to scan the front and back of a properly endorsed Check made payable directly to Client and, if enabled, any coupon that may accompany such a Check; (C) verify that the Image of any Check or coupon, including the MICR line of the Check, are clear; (D) enter and verify the accuracy of all data and information being transmitted to Bank in connection with the Check; (E) confirm that Bank has received and has not rejected the Image and all other required data and information; and (F) confirm that the Scanner has marked each Check with the words "Electronically Presented," or similar.
- (ii) Client shall (A) maintain securely any original Check for a period of thirty (30) days from the date on which the Check has been settled; (B) destroy such a Check by shredding after such thirty (30)-day period; and (C) ensure that such a Check is not duplicated, deposited, negotiated, rescanned, or presented for payment as an original Check. Client shall be liable for all Losses resulting from a Check being presented for deposit or payment more than once. Upon request by Bank, Client shall promptly (but in all events within five (5) Business Days) provide to Bank any original Check in its possession, or a sufficient copy of the front and back of the Check, if the original Check is no longer in existence.
- (iii) If an Image received by Bank is not complete or cannot be processed for any reason, Bank may reject the Image, notwithstanding any receipt confirmation

provided to Client, and charge the amount back against any Provisional Credit to the Account. Client assumes financial liability for all Checks that are returned unpaid for any reason or that have been presented for deposit or payment more than once, and Bank may debit the Account for the amount of such returned Checks and all associated Service Fees.

(c) Checks Not Permitted

Client hereby agrees that it will only scan and deposit a Check as that term is defined in Regulation CC promulgated by the Federal Reserve Board. Client agrees that the image of the Check that is transmitted to Bank shall be deemed an "item" within the meaning of UCC Article 4. Client may not use the Service to deposit or attempt to deposit any Check or other Item that (i) is payable to any person, entity, or other third party, other than Client, unless otherwise agreed to by Bank in Bank's discretion; (ii) is drawn, or otherwise issued, by Client or any affiliate of Client, on any account of Client or of such affiliate; (iii) is in violation of any Applicable Law; (iv) Client knows or suspects, or should know or suspect, is fraudulent or otherwise not authorized by the owner of the account on which the Check is drawn; (v) Client knows or suspects, or should know or suspect, has been previously presented to a bank by any means; (vi) has been previously endorsed by a bank; (vii) has been previously returned; (viii) is drawn on financial institutions that are located outside of the United States or territories of the United States; (ix) is denominated in a currency other than USD; (x) is a remotely created Check or is, or is derived from, an electronically created item; or (xi) is not otherwise acceptable to Bank for deposit into a deposit account as provided in the Account Agreement or other agreements related to the Account.

(d) Client Representations and Warranties

In addition to all warranties under the Service Documentation, Client represents, warrants, and covenants to Bank that (i) the use of the Service and the scanning, authorization, preparation, and presentment of any Check complies with the terms and conditions set forth in this Agreement; (ii) Client will not scan any Check in which Client is not the sole payee named on the front of the Check; (iii) any Image that is submitted is a sufficient copy that is a true and correct Image of the original paper Check and has not been altered in any manner by Client or any third party acting on behalf of Client; (iv) Client has reviewed and confirmed that the MICR line information provided on the Image is identical in all respects to the original paper Check and that the encoded Check amount is accurate; (v) the original paper Check has not previously been presented for deposit or payment; (vi) Client understands that in the event that a maker of an Image asserts that the Check is unauthorized and the original Check is subsequently processed, the original Check may be dishonored; (vii) Client has no knowledge or notice of information to indicate that the Check is fraudulent or not authorized by the maker of the Check; (viii) except as described in Section III.6(i), Client or anyone acting on behalf of Client will not cause the original Check to be cashed, deposited or negotiated, or otherwise presented or used for payment or deposit in any manner, (ix) no transmission made by Client to Bank or Bank Agent contains any Virus; (x) no subsequent transferees of an Item, including Bank, shall sustain a loss as the result of the fact that an Image was presented for payment or returned instead of the original Check; (xi) all Checks and other transactions of Client are, and will be, bona fide, and all signatures on Checks are authentic and authorized; (xii) Client submits any Image or other data in compliance with the Service Documentation and Applicable Law; and (xiii) Client will only deposit remotely created Checks via methods approved by Bank, which shall not, without Bank's express written consent, include the Service.

(e) Scanner and Web Application

Client may purchase a Scanner from Bank or otherwise obtain a Scanner from a third party as long as such Scanner meets the requirements set forth in the Service Documentation. If Client purchases a Scanner from Bank, Bank assigns to Client all assignable warranties, representations, and indemnities granted to Bank by all hardware manufacturers, and all remedies for breach of such warranties, representations, and indemnities. To the extent that Bank is not permitted to assign any of such warranties and indemnities to Client, Bank shall use commercially reasonable efforts to enforce such warranties and indemnities on behalf, and at the expense, of Client to the extent Bank is permitted to do so under the terms of any applicable third-party agreements. The warranty period for any applicable Scanner warranty shall begin on the date specified by such warranty.

Client acknowledges that Bank or its Bank Agents own all right, title, and interest in and to any Software or code provided to Client, including such Software or code embedded in the Scanner or provided through the Web Application. Such Software or code, including the Web Application, is not sold to Client and will be subject to a non-exclusive and non-transferable license, and Client agrees to comply with the terms of any license that Bank provides. When access to the Service is terminated, any license to use the Equipment or any Software or code also will terminate automatically.

Client may use Equipment, including the Scanner, only for the purpose of using the Service in the manner permitted by this Agreement. Client shall only use Equipment that meets Bank's Service specifications, as determined from time to time. Client must maintain all Equipment in good condition, subject to normal wear and tear. Except for Equipment that Client purchases from Bank, upon Bank's request, Client must return any Equipment provided to Client by Bank to the address Bank directs. Client is responsible for obtaining, maintaining, and paying for all hardware and all telecommunications and other services needed to use the Service and Equipment.

Client agrees that in connection with the Service and the Equipment, Client will (i) maintain and keep current, on all of its computers and Equipment that can access the Service, sufficient protection so that such use will not result in the transmission of any Virus to Bank; (ii) provide Bank or its Bank Agent reasonable access to Equipment, as may be needed, to (A) provide servicing, including installing any upgrades, patches, or fixes, or (B) inspect and review the Scanner in person, including to verify the Scanner's physical location, upon Bank's reasonable request; (iii) not use the Service or Equipment for any purpose that is fraudulent or otherwise tortious or unlawful; (iv) not attempt to use the Service or Equipment, or any encryption Software to access information not belonging to Client; (v) not reproduce, modify, adapt, translate, create derivative works of, sell, rent, lease, loan, timeshare, distribute, reverse engineer, or otherwise exploit any portion of (or any use of) the Service or Equipment, except as expressly authorized in this Agreement, without Bank's express prior written consent; (vi) not remove any copyright, trademark or other proprietary rights notice from the Service or Equipment; (vii) not use the Service or Equipment outside the United States; (viii) not use the Equipment to process Checks through other institutions; (ix) not use the Service or Equipment at a location other than a location approved by Bank in writing; (x) not perform or allow others to perform alterations or repairs to the Equipment without our written consent; (xi) not reverse engineer, decode, decompile, disassemble, attempt to tamper with or evade or discover the method of operations or defeat any Security Procedure designed to protect the integrity of the Service, encryption Software or Bank's or Bank Agent's computer systems; and (xii) not use any robot, spider, site search/retrieval application or other manual or automatic device to retrieve, index, "scrape," "data mine," or otherwise gather content from the Service, the Web Application, Bank or Bank Agent, or reproduce or circumvent the presentation of the Service, without Bank's express prior written consent.

(f) Security

Bank or its Bank Agent will provide Client with Access Credentials required to access the Service. Client is solely responsible for securing the confidentiality of Access Credentials. Client's failure to ensure the confidentiality of all Access Credentials may cause Client to suffer Losses. Bank may block Client's access to the Service if it reasonably determines that any Access Credentials have been compromised. Bank will promptly inform Client of any such determination.

Client agrees that use of the Access Credentials is an acceptable security procedure and shall be deemed to be commercially reasonable after considering the technology available and Client's particular needs and circumstances. Client acknowledges and agrees that the Access Credentials are used as a security procedure to detect unauthorized use of the Service and not to detect an error made by Client when using the Service. Client agrees that access to the Service through the use of the Access Credentials assigned to Client shall be deemed to be authorized by Client. Client is responsible for all actions taken or purportedly taken by any person, including Client Agent, that has been authenticated.

If Client believes (i) Equipment for the Service has been accessed or copied without authorization; (ii) Client's Access Credentials have been compromised; or (iii) the Service has been used without authorization, then Client agrees to immediately, but no later than within twenty-four (24) hours, notify Bank by calling Bank at the phone number set forth in Section II.21(c) (Notice) to report such belief. In addition, Client agrees to mail a written report of such belief to Client's account officer at the Financial Center where the Account is maintained or the address set forth in Section II.21(a)(ii) (Notice).

(g) Cut-off Time

The funds represented by a Check that is scanned and submitted through use of the Service will become available to Client in the Account in accordance with Bank's Funds Availability Schedule. For purposes of Bank's Funds Availability Schedule a Check that is scanned and submitted before the Cut-off Time will be received by Bank on that day and transmitted for settlement. A Check that is scanned and submitted through use of the Service after the Cut-off Time will be deemed received and will be processed on the next Business Day. For purposes of determining when a Check has been submitted to Bank, Bank's records shall be determinative. If the Service is not available for any reason or a Check cannot be processed by means of the Service, Client may contact Bank for alternative deposit options.

(h) Provisional Settlement; Returns

Client acknowledges that Items may be returned unpaid by the receiving institution for insufficient funds or other reasons, including issues related to the quality of the Image. In addition, Applicable Law, such as the UCC, Regulation CC, or clearinghouse rules, may permit Items to be returned for reason of alleged lack of authorization. Client acknowledges and agrees that, because Client retains the original Check, Bank may return an Image to Client. Client understands and agrees that the Image may be in the form of an electronic or paper reproduction of the original Check or a Substitute Check. Any credit or consideration given by Bank to Client with respect to any Check that is scanned and submitted through use of the Service shall be deemed provisional, and Bank shall be entitled to revoke the same without prior notice. In the event one or more Checks are returned for reason of alleged lack of authorization, Client may promptly submit to Bank a copy of the Check and any other required documentation as proof of authorization with a request that Bank forward such proof to the receiving institution for its consideration to the extent such receiving institution will accept and consider such submission.

(i) Collection

Bank, in its sole discretion, shall determine the manner in which an Item shall be presented for payment to the drawee bank. Bank, in its sole discretion, shall select the clearing agents used to collect and present the Item, and Bank's selection of the clearing agents shall be considered to have been designated by Client. Bank shall not be liable for the negligence of any clearing agent. Collection of Items is also subject to Applicable Law and the terms of the Agreement.

(j) Contingency Plan

Client agrees that, in the event Client is not able to capture, balance, process, produce or transmit an Image to Bank, or otherwise comply with the terms hereof, for any reason, including communications, equipment or software outages, interruptions, or failures, Client may transport the originals of all Checks to the closest office of Bank and deposit original Checks with Bank until such time that the outage, interruption, or failure is identified and resolved. Bank shall not be liable to Client for Losses sustained by Client as the result of the inability of Client to use the Service.

7. SWIFT Payments, Advices and Statements

(a) Service Description

This Service enables Client to use messaging services that SWIFT offers through Bank. SWIFT messaging services are provided by Bank in accordance with the SWIFT Rules. Client may use SWIFT messaging services to transmit and receive SWIFT messages to and from Bank and, subject to Client's agreements with SWIFT, other SWIFT Participants, both domestic and foreign. Client acknowledges and agrees that the Service only permits Client to use the SWIFT messaging services permitted by Bank, and that Bank may not make available to Client all messaging services described in the SWIFT Rules.

By enrolling in this Service, Client agrees to the Funds Transfer Agreement contained in the Account Agreement, which is incorporated by reference and governs this Service. For purposes of this Service, if there is any conflict among the documents that are part of the Service Documentation, they will be governed in the following order: (i) the Account Agreement(s), (ii) this Agreement, (iii) the Acceptance, (iv) the Service Application, and (v) all other documents that are part of the Service Documentation.

This Service is a means for delivering other products and services of Bank, which may require additional approvals and documentation.

(b) Limitations of Liability

- (i) Client agrees that Bank is not responsible for any errors or delay on the part of any third party including SWIFT or any other third parties used by Bank in executing an instruction or performing a related act and no such third party shall be deemed to be a Bank Agent.
- (ii) At Client's request, Bank may process Non-Value Messages. Such Non-Value Messages may include MT199 and MT999, and any additional or successor MT messages for transmission by Bank that SWIFT might adopt and implement in the future. Non-Value Messages may be subject to form and format requirements, Security Procedures, timing requirements, and fee schedules. This

Agreement does not impose any obligation on Bank or the recipient of a Non-Value Message to respond to or take action based on a non-value message or the information contained therein. Bank shall not be liable for Losses caused by Bank or any recipient's failure to take action in connection with a Non-Value Message nor shall Bank be liable for any receiving bank's failure to accept or properly authenticate a Non-Value Message. Bank's liability for Losses caused by Bank's failure to exercise ordinary care or act in good faith in processing a Non-Value Message shall not exceed the amount of any fee paid to Bank for the Non-Value Message.

(c) Client Obligations

- (i) Client agrees to comply with the SWIFT Rules.
- (ii) In the event Client no longer meets any conditions required to receive this Service, Client will immediately notify Bank, and provide such notice also in writing, and immediately discontinue sending SWIFT messages.

(d) Security Procedures

- (i) Bank and Client rely on Access Controls and, in the case of any Authenticated Message, the Authentication Procedures, if any, SWIFT requires to secure the transmission of Client's SWIFT messages. Bank has no obligation to Client to separately authenticate or verify any SWIFT message Bank receives in Client's name whether or not Client actually issued the SWIFT message. Bank may, at Bank's sole option, contact Client with respect to any SWIFT message Bank receives in Client's name, but Bank's election to contact Client with respect to one or more SWIFT messages will not obligate Bank to contact Client with respect to subsequent SWIFT messages that Bank receives in Client's name.
- (ii) If Bank receives an Authenticated Message in Client's name that includes an instruction to place, transfer or withdraw funds from a deposit account Client maintains at Bank, the Authenticated Message is a Payment Order, and SWIFT Security Procedures are the agreed-upon Security Procedures. The purpose of the SWIFT Security Procedures is to verify the authenticity of a Payment Order, not to detect an erroneous or duplicate Payment Order. Client is responsible for any erroneous or duplicate Payment Order Bank receives in Client's name.
- (iii) The SWIFT Security Procedures are the only Security Procedures offered for Payment Orders that Client transmits through SWIFT messaging services. SWIFT messaging services are one of a range of secure communication channels Client can access through Bank to transfer funds from Client's Account. Client agrees the SWIFT Security Procedures best meet Client's requirements with regard to the size, type and frequency of the Payment Orders issued by Client to Bank using SWIFT messaging services and the SWIFT Security Procedures are commercially reasonable.
- (iv) Client agrees to be bound by each Payment Order, or request to cancel or amend a Payment Order, Bank receives in Client's name that is an Authenticated Message verified pursuant to the SWIFT Security Procedures.

(e) Indemnification

Client acknowledges that under the SWIFT Rules, Bank makes certain acknowledgements, undertakings and obligations to SWIFT regarding Client's use of SWIFT messaging services. Client agrees to reimburse Bank for any loss Bank incurs, including Bank's reasonable attorneys' fees and legal expenses, as the result of the enforcement of any such undertakings and obligations, except to the extent the loss resulted from Bank's own negligence or intentional misconduct.

8. Mobile Banking

(a) Service Description

Bank offers the Service, which allows Client to access, via a Mobile Device, various financial services, including viewing balance and transaction information, mobile remote deposit capture, mobile bill payment, and transfers of funds between Client's Accounts with Bank.

(b) Mobile Banking Access

To use the Service, Client must be a subscriber to Internet Banking. Client acknowledges that Client has received and agrees to the terms for Internet Banking. Client will be unable to use the Service if Client does not utilize the correct Access Credentials.

The Service features available to Client may vary based on the type of Mobile Device used to access the Service (as specified at <https://www.signatureny.com/about-us/software-and-browser-requirements>). Not all Mobile App features are available on all Mobile Devices. The Service may use different terminology and appear in different formats than Internet Banking. Client may be required to follow different instructions to access Internet Banking through a Mobile Device. Processing of payment and transfer instructions may take longer using the Service. Bank will not be liable for any delays or failures in Client's ability to access the Service. The Service is provided by Bank on an "as is," "as available" basis.

Client acknowledge that Client must also agree to the End User License Agreement.

(c) Ownership of Mobile Device

Client represents and warrants that Client is the owner or authorized user of the Mobile Device used in connection with the Service, and that Client is authorized to approve any applicable charges arising from Client's use of the Service. Client agrees that Bank may send messages through Client's internet, telephone, and/or Mobile Device service provider to Client and that Client's internet, telephone, and/or Mobile Device service provider is acting as Client Agent when sending and receiving messages. Bank may use the phone number, email address, or other delivery location Bank has in Bank's records for Client or other such information as Client may provide to Bank to contact Client regarding Client's use of the Service.

(d) Information Security

Mobile Banking Alerts may be sent to an email address that Client has provided to Bank. Because Mobile Banking Alerts are not encrypted, Bank will not include Client's full account number in such alerts. Client's internet, telephone, and/or Mobile Device service provider or other entities may also collect data from Client's use of the Service, and their practices are governed by their own policies.

Bank is not responsible or liable for the acts or policies of internet, telephone, and/or Mobile Device service provider or other entities that are not Bank Agents. Subject to Applicable Law, Bank reserves the right at all times to disclose any information Client provides using the Service as reasonably necessary to satisfy any law, regulation, or request by a Governmental Authority, to avoid liability, or to protect Bank's rights or property. When Client completes forms online or otherwise provides Bank with information in connection with the Service, Client agrees to provide accurate, complete, and true information.

Bank will not be responsible or liable for Losses arising from any disclosure of Account information to third parties, non-delivery, delayed delivery, misdirected delivery or mishandling of, or inaccurate content in, the Mobile Banking Alerts sent in connection with the Service. Bank has implemented technical and organizational measures designed to secure Client information from accidental loss and from unauthorized access, use, alteration, or disclosure. However, Bank cannot guarantee that unauthorized third parties will never be able to defeat those measures or use Client information for improper purposes.

(e) Area of Use

Client hereby represents and warrants that Client will use the Service only within the United States of America. Bank reserves the right to terminate Client access to the Mobile Banking Service and block any transaction if Bank determines that Client uses the Service when located outside of the United States of America. Client further agrees that Client will not use or otherwise export or re-export the Service, except as authorized by Applicable Law.

(f) Relationship to Other Banking Products

The Service is provided for Client's convenience and does not replace Client's Statement, which is the official record of Client's Account. The Service, including instructions for payments, transfers, and other transactions, may be delayed, interrupted, or otherwise negatively impacted by factors relating to (i) Client's Mobile Device, (ii) Client's internet, telephone, and/or Mobile Device service provider or other parties, or (iii) other reasons outside of Bank's control.

(g) Mobile Deposit

- (i) Mobile Deposit provides Client with the ability to make deposits to Client's designated eligible Accounts using the Mobile App. Mobile Deposit enables Client to capture Check Images of eligible Checks using a compatible Mobile Device and transmit those Check Images and associated deposit information to Bank or Bank Agent electronically for deposit to the Account. Checks will be processed electronically based on the information that Client provides. A Check Image submitted to Bank or Bank Agent electronically for deposit is not deemed received until Bank accepts and confirms receipt of the deposit. Checks deposited using Mobile Deposit will be reflected on the Statement.
- (ii) To access Mobile Deposit Client must have or acquire and maintain a compatible Mobile Device with the ability to take photographs and a wireless plan from a compatible wireless carrier or access to a secure Wi-Fi network. The dollar value of any Item sent to Bank through use of the Service shall not exceed the Dollar Limits established by Bank in its sole discretion. Bank reserves the right to establish frequency limits and Dollar Limits for deposits submitted through

Mobile Deposit. If Client exceeds the frequency limits or Dollar Limits established for Client, Bank may, in its sole discretion, accept or refuse the Check Image deposit. If at any time Bank accepts a Check Image deposit that exceeds the frequency limits or Dollar Limits established for Client, Bank will have no obligation to accept deposits in excess of the frequency limits or Dollar Limits in the future. Bank may at any time, at its sole discretion, raise or lower the frequency limits and/or Dollar Limits of Client's Mobile Deposits. By accessing Mobile Deposit, Client authorizes Bank to provide Client with access to all of Client's eligible Accounts qualified to participate in Mobile Deposit. Bank reserves the right to limit the features of Mobile Deposit available with respect to different types of eligible Accounts.

- (iii) Client shall follow all Mobile Deposit instructions provided by Bank for capturing and transmitting Check Images and other information. Client shall: (A) prior to scanning any Check payable to Client, restrictively endorse the back of the Check "For Mobile Deposit at Signature Bank Only"; (B) use the Mobile Device to scan the front and back of a properly endorsed Check made payable directly to Client; (C) verify that the Check Image, including the MICR line of the Check, are clear; (D) enter and verify the accuracy of all data and information being transmitted to Bank in connection with the Check Image; (E) confirm that Bank has received and has not rejected the Check Image and all other required data and information; and (F) mark each successfully deposited Check with the words "Mobile Deposit," or similar language.
- (iv) Photographing and submitting Check Image deposits does not constitute receipt of the deposit by Bank. Generally, Check Image deposits received prior to the Cut-off Time are processed on the Business Day of receipt. Any Check Image deposit received after the Cut-off Time on a Business Day or on a day other than a Business Day will be processed on the next Business Day. Acknowledgement that a Check Image deposit has been received by Bank does not mean that the Check Image deposit was received error free.
- (v) Bank will notify Client via email or other means agreed to by Bank in writing of Bank's receipt of a Check Image deposit or to notify Client if a Check Image deposit is rejected in whole or in part. Client may verify receipt and the amount of the Check Image deposit credited to the Account by reviewing the Statement online or by calling Client Services at the number provided in Section II.21 (Notice).
- (vi) Client shall not use Mobile Deposit to deposit or attempt to deposit any Check or other Item that (A) is payable to any person, entity, or other third party, other than Client; (B) is drawn, or otherwise issued, by Client on any account of Client; (C) is in violation of any Applicable Laws; (D) Client knows or suspects, or should know or suspect, is fraudulent or otherwise not authorized by the owner of the account on which the Check is drawn; (E) Client knows or suspects, or should know or suspect, has been previously presented to a bank by any means; (F) has been previously endorsed by a bank; (G) has been previously returned; (H) is drawn on financial institutions that are located outside of the United States or territories of the United States; (I) is denominated in a currency other than USD; (J) is a remotely created Check or is, or is derived from, an electronically

created Item; (K) is not otherwise acceptable to Bank for deposit into a deposit account as provided in this Agreement, or (L) is not otherwise eligible for Mobile Deposit, as determined by Bank in its sole discretion.

- (vii) Client acknowledges and agrees that Bank is not obligated to accept for deposit any Check Image that Bank in its sole discretion determines to be ineligible for Mobile Deposit. Ineligible Items include: (A) Check Images of Items drawn on banks located outside the United States; (B) Check Images that are illegible; (C) Check Images previously converted to Substitute Checks; and (D) Check Images with unreadable MICR information. The quality of any Check Image must comply with the requirements established from time to time by ANSI, the Federal Reserve Board, or any other regulatory agency, clearing house, or association. Client acknowledges and agrees that even if Bank does not identify a Check Image as ineligible, the Check Image may be returned to Bank because, among other reasons, the Check Image or any Substitute Check created from the Check Image is deemed ineligible by the financial institution upon which it is drawn or any intermediate collecting financial institution. Bank's failure to identify a Check Image transmitted to Bank as ineligible shall not preclude or limit Bank's rights or Client's obligations. Client assumes financial liability for all Checks that are returned unpaid for any reason or that have been presented for deposit or payment more than once, and Bank may debit the Account for the amount of such returned Checks and all associated Service Fees. Client acknowledges and agrees that, because Client retains the original Check, Bank may return a Check Image to Client. Client understands and agrees that the Check Image may be in the form of an electronic or paper reproduction of the original Check or a Substitute Check. Any credit or consideration given by Bank to Client with respect to any Check that is scanned and submitted through use of Mobile Deposit shall be deemed Provisional Credit, and Bank shall be entitled to revoke the same without prior notice. In the event one or more Checks are returned for reason of alleged lack of authorization, Client may promptly submit to Bank a copy of the Check and any other required documentation as proof of authorization with a request that Bank forward such proof to the receiving institution for its consideration to the extent such receiving institution will accept and consider such submission.
- (viii) Client shall (A) maintain securely any original Check for a period of thirty (30) days from the date on which the Check has been settled; (B) destroy such a Check by shredding after such thirty (30)-day period; and (D) ensure that such a Check is not duplicated, deposited, negotiated, rescanned, or presented for payment as an original Check. Client is liable for all Losses resulting from a Check being presented for deposit or payment more than once. Upon request by Bank, Client shall promptly (but in all events within five (5) Business Days) provide to Bank any original Check in Client's possession, or a sufficient copy of the front and back of the Check, if the original Check is no longer in existence.
- (ix) Each time Client uses Mobile Deposit, Client covenants, represents, and warrants to Bank the following: (A) Client will not scan any Check in which Client is not the sole payee named on the front of the Check; (B) any Check Image that is submitted is a sufficient copy that is a true and correct image of the

original Check and has not been altered in any manner by Client or any Client Agent; (C) Client has reviewed and confirmed that the MICR line information provided on the Check Image is identical in all respects to the original Check and that the encoded Check amount is accurate; (D) the original Check has not previously been presented for deposit or payment; (E) Client understands that in the event that a maker of Check Image asserts that the Check is unauthorized and the original Check is subsequently processed, the original Check may be dishonored; (F) Client has no knowledge or notice of information to indicate that a Check is fraudulent or not authorized by the maker of the Check; (G) unless otherwise permitted, Client or any Client Agent will not cause the original Check to be cashed, deposited, negotiated, or otherwise presented or used for payment or deposit in any manner, (H) no transmission made by Client to Bank or Bank Agent contains any Virus; (I) no subsequent transferees of an Item, including Bank, shall sustain a loss as the result of the fact that a Check Image was presented for payment or returned instead of the original Check; (J) all Checks and other transactions by Client are, and will be, bona fide, and all signatures on Checks are authentic and authorized; (K) Client will submit Check Images or other data in compliance with this Agreement and Applicable Law; (L) Client will use Mobile Deposit only for Client's own personal use; (M) Client will only deposit remotely created Checks via methods approved by Bank, which shall not, without Bank's express written consent, include Mobile Deposit; and (N) Client will notify Bank if any person previously authorized to conduct transactions through Mobile Deposit is no longer authorized.

(h) Reporting Unauthorized Transactions

If Client believes someone has used or may attempt to use the Service without Client's permission, or that any other unauthorized use or security breach has occurred, Client must immediately, but no later than within twenty-four (24) hours, contact Bank at the phone number set forth in Section II.21(c) (Notice). In addition, Client agrees to mail a written report of such belief to Client's account officer at the Financial Center where the Account is maintained. Telephoning is the best way to minimize Losses for any error or unauthorized transaction.

(i) Third-Party Content

Bank may offer Third-Party Content that is available through the Service. Bank does not own any interest in, edit, review, or endorse any Third-Party Content. Client agrees that any Third-Party Content Client uses is provided to Client "as is."

(j) Wire Services via Mobile Banking

To use Mobile Banking to release wires, Client must agree to Bank's Funds Transfer Agreement. All wires will be subject to Bank's Funds Transfer Agreement which Client agrees to when electing to use Mobile Banking to release wires. In the event of any conflict between the Funds Transfer Agreement and this Section III.8 (Mobile Banking), the Funds Transfer Agreement will prevail but only to the extent necessary to resolve such conflict. Release of wires via Mobile Banking requires Client to understand and comply with the Funds Transfer Agreement, and Client agrees to do so with respect to all wires. To release a wire via Mobile Banking, Client is required to use Access Credentials.

9. Internet Banking

(a) Service Description

Internet Banking permits Client to perform certain banking functions on Accounts through the use of a browser on an internet-enabled device. Client may use Internet Banking to:

- (i) Obtain Available Balance and account activity information for Client Accounts;
- (ii) Review Account transaction information for the last eighteen (18) months;
- (iii) Transfer funds between Accounts, including Linked Accounts, if applicable;
- (iv) View the front and back images of cleared Checks drawn on or deposited to Accounts for the last eighteen (18) months (or longer if enrolled in Image Search);
- (v) Perform self-service Account maintenance such as changing Password;
- (vi) Request stop payments on Checks;
- (vii) Use the Wire Services to initiate USD wires, with appropriate access and permission;
- (viii) Use the ACH Services to initiate ACH Transactions, with appropriate access and permission;
- (ix) Access Statements for the past eighteen (18) months through the eStatement Services; and
- (x) Download Account transaction information to third-party accounting software such as Quicken, QuickBooks, or Microsoft Money (note, (1) if Client uses personal financial management software or any other indirect service to access, track, download, or pay bills, the features listed above may not be available or the software may not work in conjunction with Internet Banking, and to access all of the Internet Banking features and services, Client should sign-in directly through the Website; and (2) Bank does not guarantee and is not responsible for the accuracy, completeness, validity, timeliness, reliability, integrity, quality, legality, usefulness, or safety of any third-party accounting software or any intellectual property rights therein).

Internet Banking is generally accessible twenty-four (24) hours a day, seven (7) days a week, except when Internet Banking may be unavailable for system maintenance or upgrade. The Service is provided by Bank on an “as is,” “as available” basis.

(b) Initiating Internet Banking

To use Internet Banking, Client must have: (i) internet access and a browser that meets Bank’s software and hardware requirements (as specified at <https://www.signatureny.com/about-us/software-and-browser-requirements>); (ii) Access Credentials; and (iii) an Account. Client will be unable to use

Internet Banking if Client does not utilize the correct Access Credentials. There is a limit on the number of failed login attempts and access to Internet Banking will be suspended if Client exceeds these limits.

(c) Using the Password

Internet Banking cannot be used by Client until Client is assigned a User ID and temporary Password from Bank. Client can change the Password at any time while authorized.

Client agrees to: (i) keep any and all Passwords secure and strictly confidential, and not provide such Passwords to anyone else; and (ii) immediately, but no later than within twenty-four (24) hours, notify Bank if a Password has been lost or stolen or has become known to an unauthorized person by either contacting Client's Private Client Group or contacting Bank as identified in Section II.21 (Notice). Client's and Bank's liability for unauthorized transfers will be as set forth in the Electronic Fund Transfers Agreement and Disclosure Statement.

Bank may suspend or cancel a Password even without receiving such notice from Client if Bank suspects the Password has been lost or stolen or is being used in an unauthorized or fraudulent manner.

(d) Using the Secure Token

If Client has been granted permission to use the Enhanced Services, Bank will issue Client a Secure Token. The Secure Token will be required for Internet Banking sign-on and may also be required for execution of Fund Transfers or ACH Transactions. Client agrees to: (i) keep the Secure Token secure and strictly confidential and not to provide access to anyone else; and (ii) immediately, but no later than within twenty-four (24) hours, notify Bank if the Secure Token is lost, misplaced, or access to the Secure Token is otherwise compromised. Client's and Bank's liability for any unauthorized payment or transfer made through the use of a Secure Token will be as set forth in the Electronic Fund Transfers Agreement and Disclosure Statement. BANK WILL HAVE NO LIABILITY TO CLIENT FOR ANY INFORMATION OBTAINED THROUGH THE USE OF A SECURE TOKEN THAT OCCURS BEFORE CLIENT HAS NOTIFIED BANK OF IT BEING LOST OR STOLEN OR ITS POSSIBLE UNAUTHORIZED USE AND BANK HAS HAD A REASONABLE OPPORTUNITY TO ACT ON THAT NOTICE, AND CLIENT WILL BE RESPONSIBLE FOR ANY INFORMATION OBTAINED ABOUT AN ACCOUNT THROUGH SUCH USE.

(e) Acknowledgement of Commercially Reasonable Security Procedures

By using Internet Banking to access the Enhanced Services, Client agrees that the Security Procedure described in this Agreement and in Bank's Funds Transfer Agreement with respect to wires and Section III.1 (ACH Service) with respect to ACH Transactions are commercially reasonable for the size, type, and frequency of the wires or ACH Transactions that Client expects to initiate. Client agrees to be bound by instructions, whether authorized or unauthorized, which Bank processes in compliance with these Security Procedures, unless Client has given Bank prior notice of possible unauthorized use as described herein and Bank has had a reasonable opportunity to act on such notice.

(f) Limitations on Use of Internet Banking

There is no limit on how often Internet Banking can be used. Any transfer or payment initiated from an Account through the use of Internet Banking is subject to the limitations and restrictions imposed on that Account in the Service Documentation.

(g) Right to Receive Documentation of Transfers and Payments

For each single and future dated Internet Banking transfer and payment requested, Client will be provided a reference number as confirmation. Client will receive a Statement for each Account either electronically or in the mail, as agreed with Bank. The Statement will reflect all of Client's transactions, including Internet Banking transfers and payments relating to that Account.

(h) Errors or Questions About Transactions Initiated Through Internet Banking

In case of errors or questions about Internet Banking transactions, Client should immediately contact Bank as indicated in Section II.21 (Notice) if Client believes any Statement or Account information is wrong or if Client needs more information about an Internet Banking transaction or payment listed on the Statement. Bank must hear from Client in writing no later than fourteen (14) days after Bank sent the FIRST Statement on which the problem or error appeared even if Client telephoned Bank about the error or question. Please provide the Account title, Account number, the dollar amount of the suspected error, and a detailed description of the suspected error or transaction. Bank will investigate Client's question or complaint and inform Client of the results of the investigation once it has been completed.

(i) Bank's Liability for Internet Banking

Bank shall be excused from failing to act or any delay in acting in the following instances:

- (i) If Client does not have a sufficient Available Balance in the Account or available credit in Client's Credit Line to make a transfer or payment.
- (ii) If Client's device or the Secure Token malfunctions.
- (iii) If the browser or the processing center of Bank or Bank Agent that is used for Internet Banking transfers or payments is not working properly and Client knew or was advised by Bank or Bank Agent about this when Client made the Internet Banking transaction.
- (iv) If Client's Access Credentials have been reported lost or stolen or Bank has reason to believe that the Internet Banking transfer or payment transaction is unauthorized.
- (v) If the transaction would result in Bank's having exceeded any limitation upon its intra-day net funds position established pursuant to present or future Federal Reserve guidelines, would violate any applicable provision of any risk control program or applicable policies, procedures, or practices, would violate any Applicable Law, federal, or state court or administrative order or process or Bank is otherwise legally constrained from doing so.
- (vi) If Bank has reasonable cause not to honor for Bank's or Client's protection.
- (vii) If Client's Internet Banking privileges have been suspended.
- (viii) If the funds in the Account are subject to legal process or other encumbrance restricting the transfer or payment.
- (ix) If the payee has a mailing address outside the United States.

- (x) To any third party or for any act of omission of Client (including the amount, accuracy, or timeliness or due authorization) or of any third party.
 - (xi) Any other reason stated in this Agreement or any Credit Line agreement between Client and Bank.
- (j) Liability for Unauthorized Internet Banking Transfers and Advisability of Prompt Reporting

If Client believes a Client's Access Credentials have been lost or stolen or Client believes that someone has transferred money from the Account using Internet Banking without Client's permission, then change the Password immediately and, if Client is unable to do so, or if the Access Credentials have been lost, Client must call Bank immediately, but no later than within twenty-four (24) hours, at the number identified in Section II.21(c) (Notice). Client can also write Bank at the address identified in Section II.21(a)(ii) (Notice).

Client's and Bank's liability for unauthorized transfers will be as set forth in the Electronic Fund Transfers Agreement and Disclosure Statement. If the Statement shows Internet Banking transfers or payments that Client did not make, including those made through use of the Password or other means, Client must call Bank at the number identified in Section II.21 (Notice).

(k) Use of Website outside the United States

The Website is located in the United States and may be owned, hosted, or controlled by Bank or an Affiliated Entity. Bank makes no representation or warranty that the Website or Internet Banking are available or appropriate for use in countries other than the United States. Client is responsible for complying with all Applicable Laws (including foreign and domestic laws and regulations requiring consent from a Governmental Authority) applicable to where Client uses Internet Banking or view the Website.

(l) Website Links

The Website may contain links to other third-party websites. When linking to those third-party websites, Client is subject to the terms posted by those third-party websites, including any privacy policy. Bank is not responsible for, nor does Bank control, the content, products, or services provided by linked websites. Bank does not endorse or guarantee the products, information, services, or recommendations provided by linked websites and are not liable for any failure of products or services advertised on those websites. In addition, each third-party website may provide less security than Bank does and may have a privacy policy different than Bank's Website. Client should review such third-party website's security and privacy policy to understand Client's rights. Client's access, use, and reliance upon such content, products, or services are at Client's own risk.

(m) Services Accessible via Internet Banking

(i) Stop Payments

Client may use Internet Banking to place stop payment orders on any paper Checks written on an Account that have not cleared. Such stop payments are subject to the terms of the Account

Agreement and fees set forth in the Fee Schedule applicable to the Account. Before placing a stop payment, Client must verify that the Check(s) has (have) not cleared the Account.

(ii) Bill Payment Services

Client may use Internet Banking to direct Bank to make payments from an Account to payees chosen by Client in accordance with this Agreement. To use the Bill Payment Services, Client must have access to Internet Banking, an Account, at least one payee listed on Client's payee list, and an active email account that Client regularly uses. When Client signs onto the Bill Payment Services, Client may establish a list of payees. Client may add a new fixed payment for any payee, but only if that payee is on Client's authorized list of payees. If the payee is not set up at its bank to receive electronic payments, then the Bill Payment Service will generate a paper Check on Client's behalf for that payment and mail that paper Check to the payee. The paper Check will carry Client's Account number and will clear directly through the Account. A unique Check number for each paper Check will appear on Client's Statement for easy recognition. Bank reserves the right to refuse the designation of a payee for any reason. Bank is not responsible if the Bill Payment cannot be made due to incomplete, incorrect, or outdated information provided by Client regarding a payee or if Client attempts to pay a payee that is not on Client's payee list.

(A) Bill Payment Process

Bank will process Bill Payments on the Business Day designated by Client, provided that the Bill Payment request is received prior to the Cut-off Time. Bill Payment requests received on a Business Day after the Cut-off Time, or on a day that is not a Business Day, will be processed on the next Business Day. Client must select a Bill Payment Date that is at least five (5) Business Days before the actual bill due date required by the payee to allow time for the Bill Payment to reach and be processed by the payee. If the Bill Payment Date falls on a day that is not a Business Day, Client must select the preceding Business Day as the Payment Date. Due to circumstances beyond Bank's control, some payees take longer to post payments than others. Bank suggests sending the first payment to a particular payee eight (8) Business Days in advance of its due date. After that payee has posted the payment, Client will have a better understanding of how much time to allow for future Bill Payments to that payee. FOR RECURRING BILL PAYMENT REQUESTS, IF CLIENT SELECTS THE 29TH, 30TH OR 31ST AS THE BILL PAYMENT DATE AND THAT DATE DOES NOT EXIST IN A GIVEN MONTH (E.G., FEBRUARY) THEN THE PAYMENT WILL BE MADE ON THE FIRST BUSINESS DAY OF THE FOLLOWING MONTH (E.G., MARCH 1ST). Bank will reimburse Client for any late payment-related charges by a payee up to \$50.00 should a Bill Payment post after its due date, as long as the Bill Payment Date was scheduled in accordance with this Agreement. When Client schedules a Bill Payment, Client authorizes Bank to debit the Account and remit funds on Client's behalf.

(B) Bill Payment Liability

Bank will incur no liability and its reimbursement obligation with respect to payee late charges shall be void if Bank is unable to complete any payments initiated because (1) in scheduling the Bill Payment, Client has not provided the correct Account information, or the correct payee name, address, phone number, or account information, or (2) Bank's Bill Payment processing center is not working properly and Client knows or has been

advised by Bank about the malfunction before executing the transaction. Client agrees to have available and collected funds on deposit in the Account in amounts sufficient to pay for all Bill Payments requested, as well as any Checks and other payment obligations Client has with respect to the Account. Bank reserves the right, without liability, to reject or reverse a Bill Payment if Client fails to comply with this requirement or any other terms of this Agreement. If Client does not have sufficient funds in the Account to pay a Bill Payment and Bank has not exercised its right to reverse or reject the Bill Payment, Client agrees to pay Bank the amount of such Bill Payment on demand. Client further agrees that Bank, at its option, may charge any of Client accounts with Bank to cover the amount of such Bill Payment. Bank reserves the right with respect to each Bill Payment to select the method in which to remit funds on Client's behalf to pay that Bill Payment to the payee. Any Bill Payment can be changed or canceled, provided Client accesses the Bill Payment Service via Internet Banking prior to the Cut-off Time on the Business Day prior to the Business Day of the Bill Payment Date.

(C) Returned Payments

In using the Bill Payment Services, Client understands that the payee's bank or bank to which such Bill Payment was sent and/or the United States Postal Service may return the Bill Payment for various reasons, including: (1) the payee's account number is not valid; (2) the payee's bank is unable to locate payee's account; or (3) the payee advised that Client's account with payee is paid in full. Bank will use its best efforts to research and correct the returned Bill Payment, or void the returned Bill Payment and credit Client's Account for the amount of that returned Bill Payment. Client also authorizes Bank to credit the Account for the amount of any returned Bill Payments that are voided.

(D) Cancellation of Bill Payment

Client may cancel or stop a single Bill Payment at any time before the Bill Payment Date for that Bill Payment through the use of Internet Banking. If the Bill Payment is a recurring payment set up on the Bill Payment Services, then Client can cancel Bill Payment (1) through the use of Internet Banking provided that the request is received before the Bill Payment Date (as described above) of the next recurring Bill Payment, or (2) contacting Bank as identified in Section II.21 (Notice). Phone and written cancellation requests must be received at least three (3) Business Days prior to the Bill Payment Date. In addition, when making an oral request for cancellation of a recurring Bill Payment, Bank requires that Client put the request in writing and provide it to Bank at the address identified in Section II.21 (Notice) within fourteen (14) days after Client made the request for cancellation. Once a recurring Bill Payment is cancelled, Client must reschedule it if Client wants that Bill Payment to continue in the future.

(iii) ACH Services

If Client wishes to use ACH Services via Internet Banking, Client must be enrolled in ACH Services and shall use ACH Services in accordance with Section III.1 (ACH Services).

(iv) Wire Services

To use Internet Banking to initiate domestic wires from an Account, Client must agree to Bank's Funds Transfer Agreement. All wires will be subject to Bank's Funds Transfer Agreement

which Client agrees to when electing to use Internet Banking to initiate domestic wires. In the event of any conflict between the Funds Transfer Agreement and this Section III.9 (Internet Banking), the Funds Transfer Agreement will prevail but only to the extent necessary to resolve such conflict. Initiation of domestic wires via Internet Banking requires Client to understand and comply with the Funds Transfer Agreement, and Client agrees to do so with respect to all wires. To release a wire via Internet Banking, Client is required to use Access Credentials.

(A) Processing Schedule for Domestic Wires Initiated via Internet Banking

Domestic wires initiated via Internet Banking are processed in real-time throughout the Business Day, subject to the Cut-off Time, and Bank's rights to reject or return/suspend a wire due to insufficient, inaccurate, or inappropriate wiring instructions, as such rights are described in the Funds Transfer Agreement. Client acknowledges Bank's right under the Funds Transfer Agreement to reverse, adjust, stop payment, or delay any transfer order subject to the rules, regulations, laws, and operating circulars of any transfer system. Although Bank may submit domestic wires via Internet Banking twenty-four (24) hours a day, seven (7) days a week, subject to Internet Banking availability, domestic wires will be processed only on Business Days, subject to system availability and in accordance with the Cut-off Times.

(B) Daily Limits and Thresholds

In addition to any daily limits or thresholds set forth in the Funds Transfer Agreement, wires initiated through Internet Banking are subject to the per transaction limit selected by Client and indicated on the Service Application. Bank may establish and change at any time in Bank's sole discretion the per transaction limits on wires initiated by Client through Internet Banking, and Bank will have no liability to Client or any other person if Bank rejects or suspends the processing of any wire made through Internet Banking that would exceed such limits.
